## INTRODUCTORY.

---

OFFICE WESTERN PUBLISHING CO. }  
146 S. Water street, Chicago. }  
Jan. 21st, 1871. }

IN presenting this, our first volume of HOLLAND'S DIRECTORY OF KEOKUK we confess to feeling proud in having produced a work of such size, beauty and we hope accuracy. We return our warmest thanks to the numerous patrons of the DIRECTORY, and all who have assisted us in any way, either by subscription, advertisements, or information, which has materially aided us in issuing this work; we earnestly hope it will meet their expectation and command their kind approval. We have spared no pains or expense in getting out this book to make it acceptable, having printed it on the best of paper, and bound it in a style both pleasing and durable.

In the present volume we find there are 3,706 names being a large increase over 1868. By the United States census we find the exact population of the city to be 12,769, non-residents and transients are not included in these figures. We feel confident that in 1872 we will find a population of at least 15,000 souls. With many thanks to the business men generally and calling the attention of the City Council to the necessity of having the names of the streets posted up at every corner of a street, and assuring all we shall still continue to faithfully represent the interests of KEOKUK, we bid you all good-bye until our next work.

We remain respectfully,

WESTERN PUBLISHING COMPANY,  
Publishers.

# THE CITY OF KEOKUK, IOWA.

## HISTORICAL AND BUSINESS REVIEW.

### ITS PROGRESS AND PROSPECTS.

Keokuk is a flourishing commercial and manufacturing city, and is located on the west bank of the Mississippi river, near its confluence with the Des Moines, about 200 miles above St. Louis, and 1,400 miles above New Orleans, in a very healthy climate, in north latitude 40°, 20 min., and longitude 14°, 20 min.; west from Washington, on a high, commanding and beautiful site, surrounded on all sides by a remarkably rich and productive soil.

No circumstance is, perhaps, more note-worthy and remarkable, in the history of the western country, than the magnitude and rapidity of its growth. With us, from barbarism to civilization is but a step, the work, not of ages, but of years. Surely and swiftly the works of the white man over-run and obliterate the traces of the red skin; stone and brick buildings rise from the ruins of the wigwam; to-day it is the canoe and the war path; to-morrow, the steamship and railroad. And as natural advantages offer inducements, cities arise, as it were, in a night, where the products of the land can find a market in exchange for such articles as minister to man's wants, his comforts and his luxuries; and so it has been with the city of Keokuk. There are men living now among us, whose years have not nearly approached the allotted three score and ten, who remember the site of our present city of over *fourteen thousand souls*, a wild, unbroken forest. The plat of the village of Keokuk was laid out in 1837, and in the ensuing June a public sale of town lots was held, and attended by a great number of people when there were quite a number of lots sold; people seeing at so early a day, that there was a glorious future awaiting. She is now, third if not indeed the second city of the State.

In 1840, the main portion of Keokuk was a dense forest, and where Main street now is, were thick timber and underbrush. From 1840 to 1847, its growth was steady and satisfactory, and on Dec. 13th, of the last named year, the city was incorporated. The officers being inaugurated the 10th of January, the following year. The first mayor of the city was W. A. Clark, with James Mackley, W. C. Read, William

Holliday, H. Bassett, John W. Ogden, and J. M. Houston, as aldermen. From 1848 to 1857, the prosperity of the city excelled that of almost every city in the Union, but owing to the fearful financial revulsion of the latter year, she like many other cities, was checked in her onward march of progress. For several years past, however, it has possessed the elements of substantial prosperity, and its growth is sufficient to satisfy all who are or may become interested in its welfare and prosperity.

Keokuk is an important railroad centre, having at the present time four roads in successful operation. The C. B. & Q. R. R., the T. P. & W. R. R., the D. V. R. R., and the T. W. & W. R. R., besides three others which are soon to be completed, viz: the Keokuk, Iowa City & Minnesota, which is to be completed the present year; the Keokuk, Alexandria & Nebrasky City, which is to be in running order in one year from date; and last, though not least, the St. Louis & Keokuk R. R., which is in course of construction and being pushed to completion with vigor.

The Chicago, Burlington & Quincy Railroad is very important to the city, running to Burlington and thence in direct connection to Omaha, Council Bluffs, and the far West by the B. & M. R. R. R., and to Chicago on their own road. This is one of the best roads in the country; its management and officers being among the most experienced and obliging.

The Toledo, Peoria & Warsaw Railway have 227 miles of road, running from Keokuk to state line of Illinois and Indiana, and makes sure connections with Pittsburg, Cincinnati & St. Louis Railway, and Pennsylvania Central. Thus it will be seen it is an important route to the East. This road has Pullman's palace sleeping cars on all night trains, between Keokuk and Columbus. Only one change of cars to New York, Philadelphia and Baltimore, connecting at Columbus with the through sleeping car line to and from New York, Philadelphia and Baltimore. This road is fast becoming more and more deservedly popular, as its coaches are among the best. Road good, while every attention is paid to the comfort and advantage of passengers and business men. Geo. W. Backus is the efficient general agent at Keokuk.

The Des Moines Valley Railroad has its terminus here, and is an Iowa road. It is now completed to Fort Dodge—beyond this it is being rapidly carried forward to the northern boundary of the State, where it will connect with roads to St. Paul, giving a line through the length of the great and growing State of Iowa. The machine shops of this company are located here and gives employment to hundreds of men, and turn out some excellent cars and even engines for the road. In order to make it more convenient for shippers, passengers and others, it has been decided to erect an Union Depot, somewhere on the south part of the Levee, and although its dimensions, &c., have not been agreed upon. Still we understand that the management of the various roads, at a meeting held a short time ago, stated that it would be one of the finest structures of the kind in the United States.

Another important improvement of the city is the construction of the

bridge across the Mississippi river. It is a magnificent iron railroad bridge, and cost over one million dollars. It combines the novel features of a wagon and foot passenger bridge, and by its facilities of passage will largely increase the local trade of the city.

The ship canal being made by the Government will cost upwards of three million dollars. It gives employment to a large number of men, and will, when completed, furnish an amount of water power for mill driving and manufacturers, unequalled in the west. To give the reader some idea of this immense and invaluable undertaking, we clip the following from the *St. Louis Republican*, of October 21st, 1870, written by John D. Godman, Esq., of Keokuk, the *Republicans* regular correspondent.

"The river is obstructed for  $7\frac{1}{2}$  miles above the city by dangerous rocks and shoals, obstructing its channel and rendering it dangerous and not navigable to large steamers in low water, many of which have been destroyed and valuable cargoes lost, and to do away with this serious obstruction to the navigation of the upper Mississippi the canal is being built. The section work comprises all that part between the locks, technically termed "the prism and embankment walls." It extends from Nashville, at the head, to Keokuk at the foot, a distance of  $7\frac{1}{2}$  miles. Most all the excavation for the prism is completed and the greater part of the embankment. The prism is excavated from the bottom of the river, three hundred feet wide and constructed in such a manner as to give five feet navigation at the lowest stage of water. The embankment is built to an average height of eighteen feet, which puts it two feet higher than the extraordinary flood of 1851. About one-half of the outer wall is done, but very little of the inner. The east side of the canal below Nashville is finished completely. The first spadeful of earth raised upon this great work was lifted by John Hewegan, Esq., on the 2d day of Oct., 1867, over three years ago. The work is now being carried on under a contract with Mr. J. J. Diell, of Pennsylvania, and Mr. Geo. Williams, of this city, gentlemen of great energy, who employ along the line from eight hundred to one thousand laborers, four locomotives, twenty-five to eighty-five teams, five pumping engines, a machine shop, four large blacksmith shops, running from four to six forges, and two large carpenter shops. The money to carry on this work has been furnished by congress in different appropriations. The first was \$700,000, the second \$200,000, the third \$400,000. Of the last but \$300,000 was devoted to the section work, the balance being divided on the lock work. Of this last allotment of funds there is remaining probably enough to continue the work until some time in December, of the present year, when it will have to be stopped until another appropriation is made. If the work is pushed on, it can be completed early in December, 1871, at a cost of \$500,000, but if it is allowed to remain this winter, the embankment walls are in imminent danger of sustaining serious damage from the spring floods, and if congress fails to make the required allowance it is quite probable that it will require \$800,000 before it is completed.

The survey for this great improvement was made in the spring and fall of 1866 and 1867, by Lt. Col. Herman A. Ulffers, a thorough scientific engineer and a gentleman eminently qualified for such an important undertaking. Mr. D. C. Jenne, of Albany, New York, took charge of the construction of the work, furnishing plans and laying out the lines of location. E. H. Worrall, civil engineer, has been employed on the section work since its commencement. All of these gentlemen have been under direction of Brevet Gen. J. H. Wilson, U. S. army, who has just resigned his position on the work and is succeeded by Col. Macomb, whose headquarters are at Rock Island. Maj. A. H. Burnham, U. S. engineer corps, is in local charge of the work, who, although lately arrived here, has endeared himself to us by his many gentlemanly qualifications.

The lower lock, although thought by some to be a separate undertaking, is part of the improvement, and the canal will not be completed until all three of the locks are done. The force of workmen employed upon this section numbers from two hundred to two hundred and fifty. Besides fourteen derricks, three of which are steam, there are two "travellers," one steam pump, two blacksmith shops, and three thousand feet of railroad. Ten cars are kept busy to supply the masons with stone. In fact it has been found necessary to run them day and night, to meet the masons' demands, who lay from 175 to 200 cubic yards of masonry per day. The pier head within the forth top courses, the lower gate recess, as well as the drainage culvert, the rock excavation in the lower chamber, and the lock from shore, are completed. Work is progressing as rapidly as possible on the upper mitresill and left supply-culvert. A concrete bed, averaging ten inches in depth, underlies the entire wall, and eventually the prism of the lock itself will be concreted. The approaches to the lock at each end are well advanced. With the exception of a few dimension stone, the required amount to complete the lock is prepared and ready to be placed upon the walls, and if pushed, the work could be finished in three months. But, unfortunately, the work will have to be stopped about the 15th of next month, as the appropriation for that section of the work will be expended by that time. The lower lock has been under charge of Lieut. Griffith and Maj. Middleton. Mr. Owen, of Albany, New York, the contractor on the lock, cannot receive too much praise for the manner in which he has fulfilled his contract. Six times the river has overflowed the bank of the lock and occasioned him great loss, but not discouraged by these misfortunes, he has gone to work with greater vim and spirit, and now has the pleasure of seeing the lock near completion. The navigation of these rapids will still be obstructed, after the completion of the canal proper, by the Montrose or upper chain, immediately below Montrose. A formidable bed of rocks here comes within a little more than a foot of the surface at low water, and its removal by blasting will probably cost about half a million more. This work will be an indispensable accessory to the canal. It was thought best by the engineers, who first planned the work, to remove the obstruction by blasting in-

stead of including it in the canal, saving thereby nearly five miles of additional embankment and probably one additional lock. I am under many obligations to the gentlemen connected with the work, and to Mr. Ed. Finn, superintendent of the lock, in particular, for their kindness in showing me about the improvements. It is to be sincerely regretted that the government has not made the necessary appropriation for the completion of the canal at once, which, when completed will be of great importance to the commerce of the valley of the Mississippi, which will then be navigable from the Gulf to the Falls of St. Anthony.

Keokuk is the fourth pork-packing point in the Union, and controls the pork market for a large part of Iowa, northern Missouri and adjacent parts of Illinois. Its large establishments, in extent, and working capacity equal, if indeed they do not surpass those of St. Louis and Cincinnati. The packers are : Patterson & Timberman, who have been established since 1848; Godman & Bro., who have one of the finest houses in the country; Ruddick, Kiser & Co., who pack from 20 to 25 thousand per season; and several others.

The largest wholesale and jobbing business is done here of any city in Iowa. In groceries and dry goods its sales are immense. It is a convenient and desirable point for interior dealers.

The educational facilities of Keokuk will compare favorably with any city in the State; of this however we shall speak in another place.

The city is well lighted with gas, from the excellent works, now owned by Judge Mooar. These works were built by Edward Kilbourne, Esq., one of our oldest, most popular and enterprising citizens and business men, in 1855, and were commenced and completed we believe in less than 100 days, showing at once his energy and perseverance; besides accomplishing, what had never been accomplished before or since in this country, viz: the erection of such large and well appointed works in so short a space of time. Within the past few years, many large and magnificent business blocks, halls, and residences have been erected.

The Opera House built by Patrick Gibbons, at a cost of 80 thousand dollars, is a large and well arranged one, and capable of seating 1000 persons. It is situated centrally corner Main and Sixth streets, and is rented by the proprietor at reasonable rates.

The Keokuk Library association is one of the most useful and creditable institutions in the city. For years it has diffused its benefits among all classes. The most intelligent, energetic and public spirited citizens have always been foremost in its management, as well as the leading business men of the city. It is now one of the permanent institutions of the city, and is a favorite resort for the citizens, and is constantly thronged by seekers of knowledge and improvement.

Keokuk is now busily engaged in manufacturing agricultural implements, steam engines, sash, doors, blinds, stoves, plows, carriages, wagons, furniture, &c. There are a number of other similar enterprises to the above, on foot at this writing, which will, no doubt, prove profitable investments to the parties concerned, as well as the citizens generally.

The lumber interest of the city although only introduced comparatively speaking a short time ago, has assumed large and important proportions. The sales amounting to millions of feet annually. The most prominent wholesale and jobbing business are in groceries, dry goods, drugs and medicines, hardware, boots and shoes, clothing, butter and eggs, books and stationery, wines and liquors, crockery and furniture.

To conclude our brief sketch, it is only necessary to indulge in a passing allusion to the present of the city and its prospects for future prosperity. Its situation is second to none and commands the trade of a region richly blessed by nature, with all the resources of climate, and a soil of inexhaustable, and as yet, almost undeveloped fertility. Placed upon railroads diverging in all directions, a vast field is opened to the activity and industry of her people. Further than this, she possesses in the enterprise and public spirit of her citizens and business men of all classes, a fund of never failing strength and resources, upon which to draw for her future advancement in all that constitutes the honor and prosperity of a community. The business of the city is remarkably flourishing, and will compare favorably with that of any place of equal size in the Union. The fine business blocks, on the principal business streets, are an honor to the city, and some of them hardly to be excelled even in much larger places. The hotel accommodation of the city, is good, and goes far toward making it attractive to strangers and others, who "love to take their ease at their Inn." In a word for an enterprising, go-ahead city, combining the best facilities for business with all the refinements and comforts of a pleasant home, commend us to Keokuk.

For further notices of some of the oldest, most prominent and successful business establishments and manufactories, we refer our readers to our editorial review.

## PUBLIC SCHOOLS.

At no other time in the history of our city has there been so much interest manifested by the citizens, in our public schools, as at present. A course of study has been adopted and published by the Board of Education embracing nine different grades in the District Schools, and four in the High School, and all of our schools have been thoroughly graded upon this outline of study.

The first public school building was erected in 1853, known as the Central School building, at a cost of about \$25,000, and seating 500 pupils. The high school is taught in the third story of this building, and the pupils of the first ward in the first and second. This was the only building owned by the city for school purposes until 1863, when the Wells school building was erected for the accommodation of pupils in the second ward. This building, grounds and furniture, cost about \$20,000, and will accommodate comfortably 375 pupils.

Two years after this, the Carey building was erected for the pupils of the Fourth Ward, costing, grounds, furniture, out houses, &c., about \$20,000, seating 400 pupils.

Two years after this the Torrense building, (named after the lamented Col. Wm. Torrense, and first superintendent of public schools of this city,) was erected, costing, grounds, furnaces, furniture, &c., about \$23,000, and will seat 400 pupils.

In 1868 a frame building two stories high, with four rooms, each capable of holding 75 pupils was built for the accommodation of the colored children in this city, costing, grounds, &c., about \$7,000. The city also owns a small building in the suburbs, worth about \$700.

In some six years the city has provided four new school buildings at a cost of about \$70,000, seating comfortably 1500 pupils.

The buildings now owned by the city for school purposes afford comfortable accommodation for about 2000 pupils. The number of persons of school age in this city, is about 5000. The whole number of pupils enrolled in all the schools for the year ending May 5th, 1870, was 2051, and the daily average attendance 1573. The number of pupils enrolled at the close of the month ending September 29th, 1868, was 1334, and at the close of the month ending September 27th, 1870, 1874, showing an increase of 540 children in two years. Total enrollment for the month ending November 25th, 1870, 2098. Number belonging during the month 1709.

The city owns four large buildings and ten small ones, costing the aggregate some \$95,000, and worth now at least \$130,000.

The high school course is arranged in four grades of one year each. Ninety pupils are in daily attendance, and four classes are organized upon these grades.

The present Board of Education is composed of the following gentlemen :

Wm. Burkitt, President ; S. E. Carey, Secretary ; James F. Cox, Treasurer.

#### DIRECTORS :

Guy Wells, John H. Craig, G. W. Pitman, Wm. Burkitt, W. A. Patterson, George Schaeffer.

#### SUPERINTENDENT :

W. W. Jamieson.

#### HIGH SCHOOL.

E. A. Trowbridge, principal ; Jennie C. Hughs, first ass't ; M. M. Jamison, second ass't.

#### CENTRAL SCHOOL.

C. M. Gunn, principal ; Miss Annie Fletcher, ass't ; Miss Mary M. Jewell, ass't ; Miss Eliza Brown, ass't ; Miss Kate McCulloch, ass't ; Mrs. Rosa Dawson, ass't : Mrs. H. M. Kenyon, ass't ; Miss Mary Fletcher, ass't.

#### WELLS SCHOOL.

F. W. McClellen, principal ; Miss E. McCulloch, ass't ; Miss Nettie

Fletcher, ass't; Miss A. A. McCulloch, ass't; Miss Julia L. Graham, ass't; Miss Abba A. Creet, ass't; Miss Carrie Rees, ass't.

### CAREY SCHOOL.

J. A. McClellen, principal; Miss Mary C. Mooney, ass't; Miss Lottie Mooney, ass't; Miss Mary A. McClane, ass't; Miss Sarah F. Osburn, ass't; Miss Eliza Wepon, ass't.

### TORRENSE SCHOOL.

J. P. Cochram, principal; Miss Lucie Humphrey, ass't; Miss Sarah Humphrey, ass't; Miss Annie Gage, ass't; Miss Flora Bronson, ass't; Miss M. A. Gilbnath, ass't.

### STOLLS SCHOOL.

Louis Adams, principal.

### COLORED SCHOOL.

G. W. Guy, principal; Mrs. Landonia Williams, ass't; Mrs. Josephine Sawyer, ass't; Mrs. — Fields, ass't.

### GERMAN SCHOOL.

Mr. ——— Kuhtner, Mr. ——— Faber.

### PRIVATE SCHOOLS.

GILLMORE MRS. H. L., s s of Fulton, first house w of 5th street  
HORNISH MISS S. M., 58 5th street.

ST. PETERS' (Roman Catholic) PAROCHIAL SCHOOLS, under the superintendence of Rev. A. Travis, n e cor 10th and Exchange.

SWEDISH SCHOOL, Rev. C. J. Lindahl, teacher, Exchange bet 18th and 19th.

ST. VINCENT'S FEMALE DAY SCHOOL. This school is very creditably conducted by the Sisters of Charity of St. Vincent de Paul. at No. 48 2nd street. Every facility is given to children of all denominations, for acquiring a thorough education, besides sewing, &c., and is classed among the best institutions of the kind in the west.

### MISSION SUNDAY SCHOOLS.

BANNER MISSION SCHOOL, established about 8 years ago, and is in a flourishing condition, numbering about 140 scholars, located 10th street, bet Bank and Timea. Wm. Tackaberry, supt.

WELLS MISSION SCHOOL, in Reed's addition, was established about three years ago, during which time its good influence has been felt in the neighborhood in which it is located. It numbers about 65 scholars. R S. Van Keuren, superintendent.

FOURTEENTH STREET MISSION SCHOOL, is located 14th street near Concert, is now under the control of the Old School Presbyterian Church. John H. Day, is supt., under whose efficient management and untiring labors for the welfare of the rising generation is effecting much good.

**CITY GOVERNMENT.**

WILLIAM TIMBERMAN, Mayor,  
 B. S. MERRIAM, City Clerk.  
 WILLIAM WILSON, Recorder.  
 JAMES M. SHELLEY, Treasurer.  
 W. B. COLLINS, Attorney.  
 S. H. JOHNSTON, Collector.  
 ALF. ROBERTS, Marshal.  
 J. A. McDOWELL, Engineer.  
 CHARLES HUBBELL, Assessor.  
 NELSON FORD, Street Supervisor.

## POST OFFICE.

The Keokuk Post Office is located on the east side Second street, between Main and Johnson streets, and is conveniently arranged for the accommodation of the public. It is efficiently managed by J. C. Parrott, Esq., who has satisfactorily held the position of Postmaster for a long time, and who is ably assisted by a number of polite and obliging gentlemen. Below we give the number of boxes and drawers, time of closing and opening of the various mails, &c. The room occupied is 28 by 75 feet, and contains 718 glass boxes, 156 drawers, 136 lock boxes, and has four box deliveries and two general deliveries:

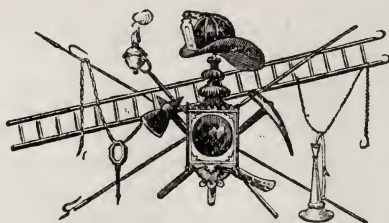

## MAILS OPEN.

Eastern Mail,.....	7:30 and 11:00 A. M.
St. Louis,.....	7:30 A. M.
North,.....	11:00 A. M.
Western,.....	4:30 P. M.
Eastern Way,.....	7:30 A. M.

## MAILS CLOSE.

Eastern Mail,.....	3:30 and 9 P. M.
St. Louis,.....	6:00 A. M. and 9:00 P. M.
North,.....	9:00 P. M.
Western,.....	9:00 P. M.
Eastern Way,.....	9:00 P. M.
Sunday Mails,.....	9:00 P. M.

Office open from 7:30 A. M. to 7:30 P. M. Sundays 9 to 10 A. M.  
J. C. Parrott, postmaster ; F. Sisson, assistant postmaster.

## FIRE DEPARTMENT.

Keokuk may well claim the honor of being one of the very few populous inland cities, that has a creditable volunteer fire department. The engineers are paid a nominal salary, and each company allowed 200 dollars a year for incidental expenses, except the above, the department has no appropriation, no subsidies, save the various machines and their appliances. The members as a general thing securing their own fund and procuring their own uniforms ; not that the city authorities decline or refuse aid, but because of the disposition on the part of organizations to maintain themselves. This does not detract in the least from the efficiency of the department, but rather adds to that strength which always accompanies self-reliance. Mr. W. B. Miller is the popular chief engineer, and William Holt, assistant. A majority of the members of the different companies, are old in the service, are well officered, and still maintain a regular system of drill and practice. There are five companies, two steamer, two hand engines, and one hook and ladder.

**THE YOUNG AMERICA COMPANY.** was organized in 1856, and has 80 members. This company and apparatus have acquired an enviable reputation at home and abroad.

**ROLLA COMPANY,** was organized in 1860, and numbers seventy members, as firemen they keep their rivals constantly nerved up to the highest exertion, and the continual contest for superiority at fires, puts both to the severest test of strength, both of machines and men.

**THE UNION NO. 3. COMPANY,** was organized about 8 years ago, and also numbers 70 efficient and deserving members. This organization do credit to themselves and the city in which they serve.

**GATE CITY, NO. 4 COMPANY**, was organized last year (1870), and has for its president, Mr. William Woolley, an old and respected citizen, and hard worker, with about 50 other members, who are determined to vie with and if possible out-do the other companies.

**HOOK AND LADDER, TRUCK LAFAYETTE**, is a valuable auxilliary to the above companies, and its members render good services when needed, and have received deserved praise from citizens generally. The city has two handsome buildings for the accommodation of the engines, &c., which reflect credit upon the liberality of the city authorities.

Below will be found the names and location of the engines, principal officers, &c.:

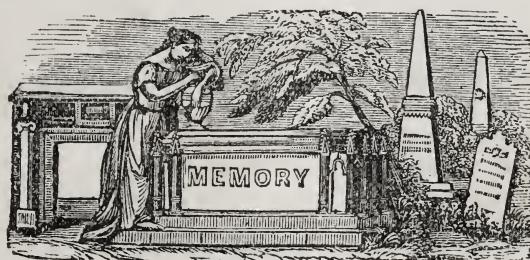

W. B. Miller, chief engineer; Wm. Holt, first assistant; C. Guy, second assistant.

**YOUNG AMERICA, NO. 1 STEAMER**, located Sixth, bet. Main and Blondeau streets. J. French, president; John Ruse, engineer; H. Maquilken, foreman; John Jones, foreman hose.

**ROLLA, NO. 2 STEAMER**, located Main street, between Ninth and Tenth streets. A. J. Harden, president; P. P. Armitage, engineer; S. Slaughter, foreman; Lewis Yeager, foreman hose.

**UNION, NO. 3 HAND ENGINE**, located, adjoining Young America on Sixth street, between Main and Blondeau. John Barr, president; H. Gillam, foreman; Edward Bawden, foreman of hose.

**GATE CITY, NO. 4 HAND ENGINE**, located corner of B and Park streets. William Woolley, president.

## CEMETERIES.

**THE OAKLAND CEMETERY** is located cor of 18th and Carroll streets. The site chosen is a beautiful one, and contains about 40 acres. Its rolling ground is pleasing, and is interspersed with a natural growth of trees and shrubs, making its landscape beauty unsurpassed for the purpose designed. It is a beautiful retreat, well adapted as a sacred spot for the reception of the departed, where monuments to their memory are preserved and cherished as a solace to the living. Many monuments and other valuable improvements are being made, which add beauty to and adorn the grounds, making it really the city of the dead.

**THE ROMAN CATHOLIC GROUNDS** are at the above location, and the Hebrew Grounds at the s e cor of Oakland.

**THE NATIONAL CEMETERY** contains about 3 acres, in which are interred some 600 brave boys who died in our hospitals during the late rebellion. There is a fine residence in course of erection in the grounds, several pieces of ordnance, and many other improvements going on under the charge of the U. S. It is to be enclosed by a fine iron fence at an early day. Clayton Hart resides on the grounds and is in charge.

### MASONIC.

**MASONIC HALL**, (formerly Commandery Hall,) upper story of Court House, s w corner of Fifth and Concert streets.

#### EAGLE LODGE, NO. 12.

Organized 1844. Regular meetings held Tuesday evenings on or before the full moon each month. Officers: H. W. Rothert, W. M.; S. W. Wakefield, S. W.; W. M. Clark, J. W.; S. H. Johnson, Sec'y.; H. Tieke, Treas.

#### HARDIN LODGE, NO. 29.

Meetings first Monday night of every month. Officers: W. H. Mc Doel, W. M.; F. W. McClellan, S. W.; Harvey Justise, J. W.; Robert Sutherland, Sec'y.; Wm. A. Brownell, Treas.

#### GATE CITY ROYAL ARCH CHAPTER, NO. 7.

J. H. Seaton, H. P.; A. C. Stilson, Scribe; Howard Tucker, Sec'y.; W. H. McDoel, King; R. H. Wyman, Treas.; H. Polser, Sentinel.

#### PARVIN COUNCIL, NO. 5.

Time of stated meeting, second Friday evening in each month. H. Buel, T. I. M.; John Given, R. I. M.; H. N. Bostwick, P. C. W.; M. Vogel, Treas.; J. H. Barker, Recorder; H. Polser, Sentinel.

#### DAMASCUS COMMANDERY, K. T., NO. 5.

Time of stated conclave, third Friday evening of each month. Robt. F. Bower, Em. Com.; Guy Wells, Gen.; Geo. M. Seaton, Capt. Gen.; A. C. Stilson, Prelote.; H. Buel, Treas.; J. H. Barker, Rec.; D. B. Smith, J. S. War.; Howard Tucker, J. W.; H. N. Bostwick, Swd. B.; Wm. McEroy, Stand. B.; S. G. Bridges, War; Henry Polser, Sentinel.

### A. & A. SCOTTISH RITE.

Meetings held in Masonic Hall.

**KEOKUK LODGE OF PERFECTION, NO. 1.**

R. F. Bower, T. P. G. M.; D. G. Anderson, M. E. S. G. W.; Guy Wells, M. E. J. G. W.; Marcus W. Westcott, E. G. S.; Thomas Heaight, Tyler.

**DEJOINVILLE COUNCIL OF PRINCES OF JERUSALEM No.1.**

George M. Seaton, M. I. T.; Guy Wells, M. V. H. P.; D. G. Anderson, I. S.; C. K. Peck, V. G. C. T.; M. E. Gillette, V. G. C. H.; M. W. Westcott, V. S.; Thomas Heaight, Tiler.

**KILWINNING CHAPTER OF ROSE CROIX, NO. 1.**

C. K. Peck, M. W. M.; R. F. Bower, M. E. S. W.; Geo. M. Seaton, M. E. J. W.; Guy Wells, M. V. O.; J. W. Satterthwaite, V. A.; M. W. Westcott, V. S.; Thomas Heaight, Tiler.

**IOWA CONSISTORY NO. 1.**

R. F. Bower, Com. in Chief; C. K. Peck, Seneschal; Guy Wells, Preceptor; John Given, Chancellor; M. W. Westcott, Registrar; Thomas Heaight, Steward.

**YORK LODGE, NO. 8.**

A. Y. F. & A. M. Meetings held every Tuesday night at their hall e s 4th bet Main and Blondeau streets. Officers: Y. A. Anderson, W. M.; Austin Bland, S. W.; Charles Osborn, J. W.; Orange Field, S. D.; W. Story, J. D.; Jacob Gillom, Secy.; S. Fox, Treas.; Martin Bland, Tiler.

**ODD FELLOWS.**

Hall, northeast corner Main and Seventh streets.

**KEOKUK LODGE, NO. 13,** organized 1848. Meet every Monday evening. Officers: E. Rollette, N. G.; James L. Wilson, V. G.; A. J. Hardin, sec'y; B. S. Merriam, treas.

**PUCKECHETUCK LODGE, NO. 43,** organized October, 1852. Meet every Friday evening. Officers: J. B. Cross, N. G.; John R. Dimond, V. G.; J. W. Delaplain, sec'y; A. S. Tyler, treas.

**HERMAN LODGE, NO. 116,** organized, March, 1858. Meet every Wednesday evening. Officers: John Eisenhuth, N. G.; Frank Peickert, V. G.; M. Holdorf, sec'y; A. Marks, P. sec'y; John G. Waterman, treas.

**PUCKECHETUCK ENCAMPMENT, NO. 7,** meet first and third Thursday evenings in each month. Officers: Charles Schulz, C. P.; Harry Vansant, H. P.; A. J. Hardin, S. W.; Abe Marks, Scribe; Wm. Wilson, treas.

**ODD FELLOWS PROTECTIVE ASSOCIATION,** incorporated

February, 1868. Officers: E. H. Wickersham, president; John C. Fry, vice president; B. S. Merriam, sec'y; Geo. Englehart, treas.

**ODD FELLOWS BUILDING ASSOCIATION**, incorporated 1869. Capital, \$15,000. Shares, \$25 each. B. S. Merriam, president; E. H. Wickersham, sec'y; B. F. Hambleton, treas.

### **DRUIDS.**

**FRANKLIN GROVE LODGE, NO. 2**, organized March 12th, 1857. Meetings held every Thursday evening, at hall northeast corner Main and Fourth streets. Officers: M. Hanz, E. E.; Philip List, U. E.; C. Hilz, sec'y; H. Luder, treas.; J. F. Kiedaisch, district deputy.

### **TEMPLE OF HONOR.**

**GATE CITY TEMPLE OF HONOR, NO. 3,**

was instituted April 23rd, 1869, and has been in successful working condition ever since. now numbering nearly 70 members. The object of this Lodge is to advance the cause of temperance, and afford aid in sickness and adversity. Officers; D. M. W. T., Richard L. Parker, P. G. W. T.; W. C. T. Thomas Swift; W. V. T. Andrew D. Kerron; W. R., Benjamin Bawden; W. A. R., Ed. P. Astle; W. F. R., W. H. Price; W. T., D. G. Anderson; W. U., J. L. Barr; W. D. U., J. W. Matheney; W. G., Donald Robertson; W. S., Geo. R. Nunn; P. W. C. T., Robert Sutherland. Hall corner of Main and 5th streets.

### **YOUNG MEN'S CHRISTIAN ASSOCIATION.**

(HISTORY.)

The initiatory steps were taken for the institution of this society in February, 1868. Several preliminary meetings were held, the subject thoroughly discussed, and the conclusion arrived at, that such an association was needed in our city, and could be made the means of accomplishing much good. A meeting was called, (notice being given through the papers and from the pulpits,) for the first Monday evening in March, to complete the organization, elect officers, &c., which meeting was held in the United Presbyterian church, and was largely attended by christians of all the evangelical denominations. Rev. H. W. Westover, of the Baptist church was elected President and Saml. B. McLane, of the U. P. church, Vice-President. The association immediately rented and furnished a room in the Neill block on Main street, the same they have occupied ever since until recently, and at once commenced the work for which they were organized. Young men's prayer meetings were held at the room, neighborhood meetings were established. tract and paper distribution on the street, in the barber shops and at the hotels and other public places was inaugurated, the wants of the destitute who applied were relieved to the extent of the ability of the society, and other works of a religious and charitable character were carried on. As the season advanced, and the weather became pleasant, preaching was established in the packet depot on the levee, and sustained during the entire summer. In the fall of this year Rev. Westover resigned, and Mr. Wm. Tacka-

berry was elected to fill the office of president. In September a daily prayer meeting was instituted at the Society's room. At the annual meeting in March, 1869, Mr. Wm. Tackaberry was re-elected president, and D. P. White, vice-president. The work of the association was carried on this year with a good degree of energy. Open air or street preaching by laymen and clergy, was commenced in May and continued until October. The daily prayer meeting was well sustained, and the distribution of religious reading was thoroughly done. But at the close of the year the finances of the society were in an embarrassed condition. At the annual meeting in 1870, H. W. Clendenin was elected president, and D. B. Hamill, vice-president; during this year the work was carried on much the same as the year previous, open air services were sustained throughout the season. In addition to the usual work, a missionary was hired for six months, commencing with May, Miss Wells, the missionary, in her labors accomplished a great amount of good—the sum total of which will only be known when the books of eternity are opened, and the secrets of all hearts revealed to the gaze of the Universe of God. The financial embarrassments of the association continued to increase, until in December, 1870, it was deemed necessary in order to keep out of debt to give up the room, and the society is now without a home. The organization, however, still continues, and a portion of its work is still being carried on. It is to be hoped that the clouds that now hang heavy over it, will soon pass away, and thus its dark hour be but the precursor of a brighter and more glorious dawn of a day-light of increased usefulness and insured prosperity.

The motto of the association is—"One in Christ." Its objects—"The elevation and conversion of the masses,"—with such a motto, and such an object it ought to be a precious institution to every christian heart. The present officers of the association are as follows: Henry W. Clendenin, president; David B. Hamill, vice president; F. W. McClellan, recording secretary; John E. Fry, corresponding secretary; S. H. Johnston, treasurer.

### KEOKUK LIBRARY ASSOCIATION

Was incorporated December 10th, 1863. Its capital stock is \$10,000; divided into \$10 shares. The payment of the latter sum constitutes a stockholder. The payment of \$50, constitutes a life membership. This is one of the most useful institutions in our city and one of the best Libraries in the state; besides having many thousand volumes of the choicest reading; they receive also a great number of daily and weekly newspapers, magazines, reviews and periodicals. Officers: President, Geo. B. Smythe; vice president, H. D. Woodward; recording secretary, J. Henry Westcott; treasurer, Ed. F. Brownell; corresponding secretary, Dr. John Bartlett; directors, Dr. John Bartlett, Col. S. S. Curtis, D. B. Hamill, S. S. Sample, E. J. Leech, W. C. Stripe.

**KEOKUK TURN VEREIN.**

This society was organized 29th Sept., 1859. It now numbers about 40 members, who meet for gymnastics and other amusements. Regular meetings held 1st and 3rd Monday evenings in each month, at their hall, southeast corner Main and Sixth streets. Julius Kunath, speaker; Fred. Schuller, sec'y; Emil Thielecke, treas.; Jacob Kurtz, turnwart.

**CONCORDIA MAENNERCHOR,**

Was organized November, 1868, and is one of the best societies of the kind in the state. It numbers nearly one hundred members and is in a flourishing condition, under its efficient management. Practice meetings every Tuesday and Friday evenings. H. W. Rothert, Esq., president; A. Rinker, sec'y; Emil Thielecke, treas. Hall, southeast corner Main and Sixth streets.

**KEOKUK LYCEUM.**

This society was organized about one year ago, by a number of aspiring young gentlemen, of Keokuk, for the purpose of acquiring greater originality and skill in oratory, and philosophical and forensic disputations, and we are pleased to know their persistent and commendable labor has been rewarded by abundant success. It is now in a very flourishing condition, numbering some thirty members. Meetings held in Court House every Monday evening. Officers: A. J. Mathias, president; J. Anderson, vice president; Henry Spain, sec'y; A. M. Wilson, treas.

**UNION AGRICULTURAL AND STOCK ASSOCIATION,**

Was organized Oct. 21st, 1867. Fairs are held every September, on grounds west end of Main street. Business meetings held once a month, at the call of the president. It has been quite a success since its organization, and now numbers 200 active members. Its object is to promote the breeding of fine stock, and the improvement of agricultural and mechanical arts. The grounds are well adapted for the purpose designed, and contain 68 acres, enclosed by a tight board fence 9 feet high, and has accommodation for 150 horses and 250 head of cattle; also pens for the same number of sheeps and hogs. The buildings are a credit to the association. The fine art hall is in the shape of a Grecian cross, and is 36 by 140 feet. The fruit and vegetable hall, 30 by 100 feet. The mechanical hall, 60 feet long, amphitheatre is capable of seating 7,000 people, and this with the judges stand is a model of architectural beauty. The track is  $\frac{1}{2}$  mile. Officers: H. H. Clark, president; R. L. Ruddick, vice president; C. F. Davis, treasurer; Dr. A. M. Carpenter, secretary.

## NEWSPAPERS.

**THE CONSTITUTION**—was first issued in February, 1862, by Hon. T. W. Clagett, the present publisher and proprietor. It labored under disadvantages common to all enterprises of that character, and, for a time, its patronage was not sufficient to defray the expenses of publication; but by perseverance and well directed effort, all obstacles in the way of success were finally overcome, and **THE CONSTITUTION**, is now, not only in a prosperous condition financially, but, it is recognized, in ability and judicious management, as one of the leading newspapers of the state. Politically, it is an advocate of the principles of the Democratic party, exhibiting, however, a becoming independence in the discussion of questions with which the welfare and prosperity of the country are intimately connected. **THE CONSTITUTION**, both daily and weekly, commands a large field of circulation, embracing the southern portion of Iowa, northern Missouri and western Illinois. Its advertising columns, therefore, present to business men a valuable medium through which to reach the public. In the way of newspapers, Keokuk, like all the larger cities of Iowa, is ably and creditably represented.

**THE KEOKUK POST** (German), was commenced in October, 1869, is independent in politics, and is issued tri-weekly at 15 cents per week, and weekly at \$2 per annum. Theod. Bischof, editor. The Post is a creditably printed and newsy paper, and being the only German paper issued in our city, should commend itself to that nationality in our midst. The office is in the Estes House.

**THE KEOKUK COMMERCIAL & REAL ESTATE JOURNAL**, is issued monthly by our friend Dr. J. K. Rickey, a 20 years' resident of Keokuk. We believe this paper is printed at the "*Gate City*" office, and is issued from Rickey's extensive real estate agency, corner Main and Second streets. Of this paper there are 1000 issued monthly, a great number of which are circulated free. It is a lively sheet, and reflects credit upon its editor and publisher, J. K. Rickey, who through perseverance for the past, three years, has made it one of the permanent institutions of the city.

**PRINTERS.**—Besides the above offices there are two other printing establishments in the city, owned by William Rees and R. B. Ogden, respectively, both of which turn out book, job and commercial work of unsurpassed excellence.

We are free to confess that our intercourse with the gentlemen of the press, of Keokuk, has been of the most pleasant character and in congratulating the people of Keokuk, upon the excellence of their papers, we must commend the editors and proprietors, as courteous and accommodation gentlemen, with whom it is a pleasure to do business.

# GENERAL EDITORIAL REVIEW

EMBRACING

## Manufacturers and Prominent Business Houses

### In the City of Keokuk, Ill.

---

The following notices are *not paid for in any instance*. They are given free of charge, it being the intention of the editor of this work to point out to his readers some of the best places at which to purchase goods, showing where reliance may be placed upon representations made with regard to price and quality of goods sold. There are many houses in Keokuk, it would afford us much pleasure to speak of in a more extended manner, but our space limits us to the following remarks.

#### **Sam. G. Bridges, Manufacturing Jeweler.**

In commencing our editorial review of some of the oldest, most prominent and responsible business men, it is very appropriate to commence with a jewelry establishment, and in thus commencing we would say that Sam. G. Bridges, Esq., is the oldest jeweler in Keokuk, and has one of the finest and largest stocks of rich jewelry of any house in the West. He established himself in this city in 1856, and has gradually increased his business, notwithstanding the various financial shocks since that time, and now is considered the leading jeweler, gold and silver smith in the city, if indeed not in the state. He is one of our most energetic and liberal business men, possessing an amount of tact and enterprise, which surmounts all ordinary obstacles. His establishment is located at Nos. 1 & 2 Estes House, Main street, and in extent and capacity would well become a city much larger than Keokuk. It is a large double store, 45 by 55 feet, with a large manufacturing department in the rear. The store or "jewelry palace" is fitted up in a neat and tasty manner, and is supplied with a very varied assortment of the choicest gold and silver watches, silver ware, clocks, jewelry, diamonds, chromos, fancy goods, gold pens, spectacles, &c., to be found in this section, and from our own knowledge as well as being borne out by many of his patrons, they are sold at lower prices than the same can be purchased for in Chicago. His manufacturing department is worthy special notice, for here are kept in full employ quite a number of competent and skilled workmen, and everything known to the business, including wood engraving, stencil cutting, &c., is turned out in a superior manner. We consider that an establishment like the above should be appreciated,

as indeed it is by large patronage for by such enterprises as the above everybody may be accommodated at home, without the necessity of going to other cities and often paying exorbitant prices, while such men as Mr. Bridges are a credit and benefit to any community.

### **W. A. & J. C. Patterson, Proprs. Patterson House.**

And now we turn our attention to hotels, or rather hotel, the **Patterson House**. In our travels it has not escaped our notice, that many second-rate hotels advertise themselves as first-class, and the public only find out the opposite by stopping at such hotels *once*. Therefore, we feel it to be our duty, in a work of this character, a director, to point out to the public a thoroughly good house, one that can be recommended in every respect, and this we are happy to say we do in naming and recommending the **Patterson House**, kept by those popular landlords and princes of hosts, W. A. & J. C. Patterson. The house is large and convenient, the leading and best one in the city, is centrally located, being adjacent to the business places, post office, steamboat landing, depots, &c. It is a fine imposing brick structure, owned by the proprietors, 5 stories high and basement, and contains about 100 rooms, most of which are furnished in an elegant manner, while each room has a bell attached to an annunciator in the office. Although the house is large, still the patronage is so great that the proprietors are induced to enlarge it, and they have decided to commence immediately, and build a large addition on the south end of the building and otherwise improve it, and thereby make it one of the very best hotels in the country. The rooms are light and airy, the table spread with a great variety of the best eatables, which are well cooked and served in a clean and tasty manner, under the supervision of the steward, Joseph W. Enright, who is very efficient at his business, having had many years of experience at several of the leading hotels in the east. In this connection we would take the liberty of saying that Sam. A. Tate, the obliging and qualified clerk, still presides at the desk, as does also Daniel Tisdale. We cannot conclude without saying that our worthy hosts, W. A. & J. C. Patterson, are numbered among our very oldest residents and business men, having been identified with the pork packing business, &c., since 1846, and are whole-souled and obliging gentlemen, in whose company the traveler cannot but be highly satisfied and almost forget he is away from home. The hotel is located cor 3rd and Johnson streets.

### **Dr. F. H. O'Connor, Wholesale Druggist.**

The drug trade is well represented in Keokuk, and its oldest representative now doing business in the city is the above named gentleman. He established himself here in 1852, and has continued an office practice of medicine with his business since that date; he being a regular medical graduate. Dr. O'Connor's store is located at 68 Main street, and is one of the best appointed houses of the kind in this vicinity. It is three stories high, and basement; each room literally groaning under its load of stock, To enumerate all the articles he keeps, would be a

difficult task, but we may say in a word that everything usually found in a first-class drug house may be obtained here, at the smallest possible advance on first cost, while all his articles are claimed to be of one quality, viz: *first quality*. It gives us great pleasure to be able to say that the Doctor is one of the most qualified and successful druggists in Keokuk, and has gained a reputation for courtesy, liberality and enterprise second to none here. His business, small at first, is now large and flourishing, and extends for many miles around the city, not only in Iowa, but in Missouri and Illinois. As an instance, we may say that he sold a few weeks ago one of the largest, if not the largest bill of goods ever sold in Keokuk, consisting of some 40 cases, some weighing over 300 pounds each, in fine, it was the entire fitting up of a drug store. The Doctor presides over his prescription department personally, so that the public get the benefit of his medical experience. In this department he is ably assisted by John W. Bowers, with 8 years experience in this house, as a qualification. We conclude our brief notice of this gentleman and his store, feeling that further comment is unnecessary, but would say that any person doing business with him will find to be true, all we have said and even more.

### **Carter Brothers, Hats, Caps and Furs.**

This is a house which presents rare and peculiar advantages to the public. It is the very largest retail house in the state of Iowa, and not only this but it has a plenitude of means at its back, to make it a success, in the way of profits to the proprietors, and a saving to the public as purchasers. We believe this is the oldest established retail house of its kind in the city, but has only been owned by its present proprietors a short time, sufficiently long, however, to have established a large and increasing trade. Not only are hats, caps, and furs sold at this "palatial establishment," but millinery, straw and buckskin goods, gloves, hosiery, trunks, valises, umbrellas, gents' furnishing goods, &c., all of which may be bought at reasonable prices, much less than at some of our boastingly cheap establishments in our large cities. William W. & John H. Carter, constitute the firm, with Ed. S. Carter as manager, a young gentleman of considerable business experience, and universally respected for his promptness in business and obliging manners. Persons wishing to purchase anything in the above line, should not fail to call upon the gentlemanly Carter Brothers, when they will find everything of good quality, and marked down at the lowest prices. Their store is No. 58 Main street.

### **H. N. Bostwick, Dry Goods, &c.**

The above gentleman has been established in the dry goods business in this city for the past 6 years and understands the business in all its details, having been raised in this line of trade. Six years ago when Mr. Bostwick opened here, his chances of success appeared very limited, but through his thorough knowledge of the business, indomitable energy, perseverance and business tact, and always keeping an experi-

enced buyer in New York market, he has built up a trade, name and reputation in this section, indeed all over this state, and parts of Illinois and Missouri, equaled by few and unsurpassed by none, and has the most "palatial" dry goods establishment to-day, of any man in the state, such an one that is a credit to Keokuk, and that would do credit to New York and even Chicago. Not only does he keep a large stock of all kinds of dry goods, millinery goods, silk and dress goods, but makes a specialty in ladies' and infants' wardrobes to order, for which purpose he employs quite a number of experienced ladies. His force of salesmen are experienced and polite, with Harry C. Bostwick at the head, who is all attention, especially to the ladies. The store is located at 102 & 104 Main street, the exterior of which is finished handsomely in solid granite and brick work, painted stone color; it is 40 by 100 feet. The entrances having elegant vestibule doors, with oval light of plate glass, 34 by 58 inches. There are three windows in front, each formed by one single French plate glass, 7 by 8 feet, which cost over \$600. These windows are lighted by elegant reflectors, and the centre of the store contains eight heavy bronze chandeliers. The interior presents a magnificent appearance, the ceiling being 16 feet high, and the centre supported by a double row of bronzed iron columns. In the centre stands a double oval line of counters, besides other counters all around the store, in all over 250 feet. In conclusion we would say that the above notice is not half of what we might write, but here we conclude and leave our readers to drop into the establishment, and purchase one bill of goods, and then we shall know that satisfaction has been given in both price and quality.

### **Bower, Barclay & Co., Bankers.**

This is the oldest banking and collection house in the West. It was established in 1846, by Geo. C. Anderson, afterwards, (about 1855,) he took into partnership Alex Barclay, who had been in the bank since 1848. At the death of Geo. C. Anderson, which occurred about this time, the firm name became Alexander Barclay & Co., the Co. being Thomas Ransom, Esq., and was continued until 1868, until the latter gentleman's decease, when the firm name was again changed to its present style, Bower, Barclay & Co., Beverly B. Bower and Alex Barclay being its sole proprietors. Both gentlemen are old respected and responsible residents and business men, the former came to the city in 1856, and has ever been looked upon as one of our shrewdest, most energetic and liberal business men; while the latter has been in the city many years, and has been connected with this bank since 1848, and is considered one of the ablest bankers in the United States, and one worthy of implicit confidence. This bank, as we have said, is the oldest in the west, and is considered one of the most responsible, and this is true, as is seen in the fact that it has firmly stood through all the depressing times that our city and country has been subjected to since its establishment. They do an immense banking business in all its branches, deal in foreign and domestic exchange, government securities, are

agents for some of the best ocean steamship lines, and make a specialty in collections which receive personal and prompt attention. Mr. Bower is also of the firm of Kilbourne, Bower & Co., contractors and lessees of the Springfield & Northwestern Rail Road, and which is now well under way. It is to extend from Springfield to Lewiston and ultimately to Rock Island, and will no doubt prove to be one of the most valuable and paying roads in the west. We refer our readers to the advertisement of this house, back of business title page, to learn more fully the details of their business. In conclusion we say, for responsibility, honorable dealing, liberality and strict business integrity, commend us to Beverly B. Bower and Alex. Barclay.

### **Sample, Armitage & Co., Proprietors of Buckeye Foundry and Machine Shop.**

And now in turning from gold and silver, we turn to another metal, viz: Iron. The Buckeye Foundry and Machine Shop is the oldest establishment of its kind in the city and one of the very oldest in the West. It was established in 1849, by S. Armitage and S. S. Vail, two gentlemen who understand every branch of the business, and to this fact a great deal of its success is to be attributed, but this is not all, for while competence has always characterized its management, business transactions have been marked with integrity, while work turned out has been of a high order. Mr. Armitage has continued in the firm since 1849, and now takes charge of the machine and blacksmith shop; while Mr. Vail, although not now one of the firm, has charge of the foundry. The business has steadily increased until a short time ago they were compelled to tear down their old buildings and erect larger and more substantial works. They have two large and magnificent brick buildings, corner Johnson and 9th streets, one 91 by 26 feet, used as machine and finishing shops, the other 103 by 50 feet, part of which is two stories high, used as foundry, blacksmith and moulding shops, offices, store room, &c. All their machinery is of the latest and most improved make, while they possess every facility and ability of turning out steam engines, and all other work in their line, of a character, which it is said by their patrons, is unsurpassed. They employ from 20 to 30 hands, most of whom are experienced and skilled workmen. The amount of business done is from 60 to 70 thousand per annum, strictly on cash principle. Being a home institution, one which can successfully compete, either in manufacturing new machinery or repairing, it should commend itself still further to the liberal patronage of the public in this locality. S. S. Sample and D. W. McElroy constitute the firm, and we are glad to be able to say, possess an amount of business experience and ability, sufficient to successfully prosecute this or any other business they might engage in.

### **T. N. Pond, Wholesale Eggs and Butter.**

Mr. Pond has resided in this city about 12 years, and has nearly the whole of that time been one of the largest and most successful dealers

in, and shipper of, eggs and butter, not only in this city but in the United States. It is a well known fact, that Keokuk is the greatest egg and butter shipping point in the Union, and we are proud to be able to say that the above named gentleman is one of its chief representatives—if not the chief one. His business is immense and extends over a large portion of Iowa, Missouri, Illinois, and other states. About 20 hands are kept constantly busy packing, shipping, &c. Mr. P. receives consignments of the above articles from farmers, dealers and others, for which the highest market cash price is promptly paid, and as a recommendation of integrity, if indeed it is necessary, we would say what we have heard the prominent business men of Keokuk say more than once, viz: that "T. N. Pond is as good as gold." As a gentleman of integrity and honorable dealing, there is no one we more conscientiously and gladly yield a portion of our space to, than Mr. Pond.

### **Brownell & McKenzie, Wholesale Books and Stationery.**

The wholesale book and stationery trade of Keokuk has grown into large dimensions. The business of the above firm has been established about 18 years, although it has changed hands several times during that period, and now ranks as one of the most extensive of the kind in Iowa. In speaking of a house of this character, we cannot recommend it in too strong language, as each individual composing the firm are such thorough gentlemen. Gentlemen who are widely known for their fair dealing and liberal inducements offered in business. Neither can we, in too strong language, commend it for its facilities, as the proprietors possess facilities equal to any other house in the West, buying as they do, direct from manufacturers, the same as other prominent houses elsewhere. To give the reader some idea of their store and business, we may say, the store is a magnificent one, 25 by 125 feet, occupying two stories and basement, each room literally groaning under its load, of well selected stock. Their sales amount to a large sum—the amount we did not learn. The trade of this house extends through a great portion of Iowa, as well as Missouri and Illinois. Dealers in this section finding it profitable to buy of Brownell & McKenzie, as they can successfully compete with St. Louis and even Chicago houses—buying as they do from the same manufacturers, while their expenses are considerably less. In conclusion we will not say anything in the way of eulogy of either member of the firm, as their high principle and integrity is too well known, but we would ask those who have not bought goods at this house to do so and test the truth of what we have written. Their store is located 146 Main street.

### **R, F. Bower & Co., Wholesale Grocers.**

The history of this house is no less interesting than suggestive. It shows what may be accomplished in the western country, by an enterprising devotion to business, even as the great oak develops from the tiny acorn and reaches out its branches in all directions for the relief

and support of animal life, so has this establishment developed from (comparatively speaking) an insignificant one, entirely local in its trade, to a vast depot of supplies, sending out its stores in every direction, and over a vast extent of territory, in Iowa, Missouri and Illinois. It was established in 1856, under the firm name of R. F. & F. Bower. From 1857 to 1865 it was entirely owned by R. F. Bower, Esq., who took into partnership at the latter date Alex. Collier and John Finigan, the firm name being R. F. Bower & Co. In July of last year (1870), A. Collier withdrew, leaving the other two gentlemen in the firm, and so it now stands, without any change in style of firm. This is the largest and one of the most responsible wholesale grocery houses in the state of Iowa, their sales amounting to nearly one million per annum. R. F. Bower, the principal in the firm, is one of our most far-seeing and liberal business men, a gentleman who commands respect and confidence from all who know him, while Mr. Finigan, through honorable and upright dealing and hard work, has gained a good position, and won a reputation of which he may feel justly proud. To show the business progress of this house for the past few years, we may say that in 1861 the sales were \$140,000; in 1865, \$319,000; and in 1869, \$700,000, and are still increasing.

### **R. Heiser, Propr. "City Drug Store."**

The City Drug store is an old established one and is now owned by the above named gentleman. We believe it was established about 1853, and has been owned by Mr. Heiser for the last 9 years—he having been connected with it for several years previously. In 1853, he came to Keokuk, and has been in the drug business ever since, taking every step in the ladder, and is considered one of our best druggists. His store is neatly and well arranged, and supplied with a good stock of drugs, the best and latest elixirs, proprietary medicines, &c., and sells the same at living rates. He presides over his prescription department personally and this together with the fact that he resides on the premises, it will be seen is of great advantage to the public, as prescriptions are carefully compounded day and night. Store is 206 Main street.

### **S. T. & R. M. Marshall, Attorneys at Law.**

The advertisement of these gentlemen will be found in the business part of this work, on it, it will be seen they say attorneys and counselors at law. We feel that that is about all that is necessary to be said to the public, especially as to Mr. S. T. Marshall, for he is so old in the profession in this city, and has gained such a favorable reputation during his career, that it leaves little, or nothing further to be said by us. But we will take the liberty of saying, that in 1842, S. T. Marshall came to reside in this county, in 1843 was admitted to the bar at Fairfield, Iowa, and in 1846 came to Keokuk, and has practiced and resided here ever since, and we believe is the oldest lawyer in the city now practicing. During his professional career, he has proven himself one of our ablest advocates, having figured in many litigated home cases most

of which he has brought to a successful issue. Rather remarkable, but his son R. M., graduated at the same university as himself, in just 29 years afterwards, and a short time ago was admitted to the bar, and now occupies the same office with his father. This young gentleman gives promise for the future of becoming one of our most prominent attorneys. For legal advice or working up knotty and intricate cases, commend us to S. T. & R. M., Marshall.

### **Stephen Seibert, Cigar Manufacturer.**

Although a young gentleman, Mr. S. Seibert is an old resident of the city. He came here some 15 years ago, and has worked among tobacco ever since. Some 6 or 7 years ago he commenced business on his own account, and to prove how well he has succeeded we would say that his orders are usually ahead of his ability to supply. There is a reason for this, and this is the reason, because having been in the business so long. He understands the various brands of tobacco and how a cigar should be made, and therefore buys the best leaf and has his cigars made in a superior manner. He is an energetic and public spirited business man, social and obliging, and this together with his rich brands of cigars has secured his success. He manufactures many popular brands, of which the "Keokuk" is the most celebrated, it being such, that old Keokuk in honor of whom it is named, would, were he able, take delight in smoking, drop into Seibert's, 78 Main, and test his cigars yourselves.

### **John H. Day, Insurance and Real Estate Agent.**

Fourteen years ago the above named gentleman came to reside in Keokuk, after being in this neighborhood since 1847. Since his advent he has held the responsible offices of deputy collector and recorder, and has been looked upon and is one of our most prominent and reliable citizens and business men. Some three years ago he established his real estate and insurance office, and although a modest gentleman, has through his energy and faithfulness, succeeded in establishing a reputation and agency unsurpassed in this section of the country. He possesses a thorough knowledge of his business, and does the same in an unaffected, honest and upright manner, in fine, it is a pleasure and advantage to patronize him. He is a notary public and does considerable real estate business, besides representing quite a large number of first class, old and reliable insurance companies, the names of which are given under the proper heading in the business part of this work. We particularly recommend Mr. Day to the notice of those seeking any business in his line. His office is n w cor. Main and 5th streets.

### **I. N. Pearce, Bookbinder, &c.**

Mr. Pearce is one of our pioneer business men, having established his bookbindery and blank book manufactory in this city in 1852. His bindery is the only one in the city, and is a well appointed one, superin-

tended by himself personally, therefore the public have the benefit of his life long experience and well arranged establishment, in superior work and reasonable prices. He was awarded the first premium at the Iowa state fair, last year, (1870,) for his superior work, while his son, a boy of 15 summers, was awarded the second, for his own personal work. We have examined specimens of his work, and for artistic and substantial finish, it would be difficult to excel, while his prices are in accordance with the times. His establishment is located on the corner Main and 2nd streets, where those wanting anything in his line should call, when they will meet one of the most courteous and obliging of business men.

### **J. B. Cross & Co., Wholesale and Retail Furniture.**

This firm has been established in Keokuk about three years, and consists of J. B. Cross and H. N. Bird, the former managing the business here and the latter residing in Cincinnati. Theirs is one of the largest and finest establishments of the kind in this section, carrying a well selected stock of all kinds of furniture, making a specialty in fine chamber and parlor sets, bureaus, &c. Both gentlemen have had many years practical experience in the business and this together with the fact that Mr. Bird is regularly in the market in the East, enables them to offer the latest style of goods, and sell the same at as low prices as can possibly be afforded. Mr. Cross, as we have said before, manages the business here, and in justice to himself we must say that he has done much since his establishment among us, to raise the furniture business in Keokuk to its present prominence. As a gentleman and honorable business man he has no superior.

### **W. T. Peet, Propr. National Restaurant.**

One of the most popular and best arranged restaurants is the "National Restaurant," corner Main and 6th streets. When Mr. Peet opened this establishment, about two years ago, he was determined to keep it in a strictly first-class manner, and we are glad to know that he has fully carried out his intentions, which have been appreciated by the public to the extent of large patronage. He is a good caterer and affable gentleman, and thoroughly studies the wants and comforts of patrons, and by this course has made himself quite popular in the city as an obliging restaurant keeper. He is the one usually chosen to supply suppers for parties, in all of which cases the utmost satisfaction is given. Meals may be had here, also a few day boarders accommodated. We say to all seeking such a place as the above, you cannot go to a better and more accommodating one than W. T. Peet's National Restaurant.

### **Wills & Yenawine, Proprietors Eagle Mill.**

We are pleased to notice in our editorial review, the well known and popular Eagle Flouring Mills, owned by Messrs Wills & Yenawine. These mills are located on 12th between Main and Johnson streets, and rank among the finest and best constructed ones of any in this part of

the state. They are built of brick, the main building being 40 by 30 feet, 4 stories high, with an addition 20 by 30 feet, 3 stories high. They have three run of stone, driven by steam power. Two of the stones are used in the manufacture of flour, and the other, corn meal, buckwheat flour, &c. They have been owned and operated by the above gentlemen about four years, (the former being a practical miller,) during which time they have built up a trade and name for superior brands second to none in this locality. As fair dealing, liberal and live business men, we commend them to the public. The flour manufactured by them has the character of being of a superior quality, while the prices charged are not higher than are often charged for an inferior article. Patronize the Eagle Mills and be convinced.

### **McMillan & Powell, Lumber Merchants,**

The business of this firm was established about five years since and is the oldest on the bottom, "Reid's lower addition." B. F. McMillan and S. B. Powell, are partners in this business and owners of the yard. Their lumber is manufactured by themselves at their own mills in Sharon, Wisconsin, and they are therefore prepared to offer superior inducements to buyers. Their trade has assumed large proportions and is steadily increasing. It extends to the terminus of the D. V. R. R. and in other directions. The proprietors are gentlemen of energy and ability, and have by close attention to business acquired a success which is seldom surpassed. We wish them in all honesty all the further success their enterprise entitles them to.

### **W. A. Beers, Keokuk Steam Bag Factory.**

The pioneer paper bag manufacturer of Keokuk, and one of its oldest and most honored citizens and business men is Mr. W. A. Beers, 121 Main street. He has resided in this city for twenty years, and established his present business some ten years ago, and has from a small beginning built up a business of great extent, and a name for good goods and fair honest dealing of which anyone may be proud. A short time ago he put into his establishment steam power, the old and ancient hand power being inadequate for his increasing business, so that now he is able to furnish everything in his line with dispatch. He has constantly on hand a large stock of wrapping papers and twines of every kind, also grocers' sacks, and flour bags of all kinds, on which he prints the purchasers business card at a nominal charge. Dealers in paper will find it to their advantage to give this establishment a call, for by doing so satisfaction will be obtained, if indeed honorable dealing and low prices is at all satisfactory.

### **Iowa Coal Company.**

This company was organized under the laws of Iowa, in 1864, with a capita of \$25,000, since which time it has been adding to its resources, and is now in a very prosperous condition and valued at about \$100,000. The principal mines of the company are in Mahaska county, where they

own several hundred acres of land, underlaid with a vein of coal eight feet thick, of excellent quality, from which they are now mining 100 tons per day, having capacity of 300 tons per day. This coal produces 3 feet of good gas to the pound, it is also good for generating steam, and has no superior for blacksmithing purposes. The coal is raised by a steam engine 30 horse power, from a shaft 60 feet deep. About one ton is raised at a time by a wire rope,  $1\frac{1}{4}$  inches in diameter. Last June, (1870,) the company's works were burned, injuring the shaft so as to necessitate the sinking of a new one, this was at once set about, and in six weeks a new shaft was sunk and all again in working order. In April last the company came into possession of the Alpine mines, situated in Wapella county, the vein of coal here being 5 feet thick, of unsurpassed quality, from which they mine from 60 to 80 tons per day, all of which is disposed of in the Keokuk market for steam and other purposes. Besides the above they have another mine at Cuba, in Fulton county, Ills., on the T. P. & W. R. R.; these works have a double shaft 80 feet deep, with a 15 horse power engine, which raises 1,500 lbs at one time. The coal found here is of first class quality, being equal to the above. This company has gained a reputation for a good article of which they may justly feel proud, and which is very profitable, as they ship largely to points on the Missouri river, to Omaha, Council Bluffs, Lincoln, &c., besides supplying to a great extent the Railroads in this locality. Mr. J. W. Rodefer, is the able president and superintendent, a gentlemen who has had some ten years experience in the Des Moines valley in this business, and the success of the company owes much to his energy and close attention, for its abundant success, he is the right man in the right place. Hugh Roberts, Jr., the secretary of the company, is a young man of unsurpassed business qualifications, and we think so long as the company retain him together with Mr. Rodefer, as managers, they need fear no danger. The office is foot of Main street.

### **H. Hirsch & Brother, Hides, Pelts, &c.**

The Hirsch Brothers have set such an example of enterprise in their business, as is worthy of imitation by those who contemplate embarking in business, for when they commenced, they like many of us had little means and great opposition, but nothing daunted, they began in earnest and with a will, and how well they have succeeded, may be known by the large amount of business done at their store, which amounts to near \$50,000 per annum. It is now something over one year since their commencement and their success has been of the most flattering nature. They do strictly a cash business, paying the highest price for hides, pelts, tallow, wool, furs, bees wax, &c. Persons having anything in the above line to dispose of may rest satisfied of obtaining the highest cash price for them by calling upon Hirsch & Bro., at 170 Main street. Messrs. Hirsch are young gentlemen, upright in dealing and worthy every confidence.

**Theo. Myers, Carriage Manufacturer.**

In 1856, the Gate City Carriage Manufactory was established, by Theo. Myers. Since his establishment he has been one of our most successful manufacturers, and now stands almost without a rival in the carriage business. His works are located corner Johnson and 8th streets, and are large and well adapted to the business. The main building is 45 by 80 feet, two stories and basement of brick, containing separate rooms for each branch of the business. The wood shop, the blacksmith shop, the trimming and painting shops, besides repository for new work, also one for work needing repairs, with two spacious platforms for various practical purposes, taken altogether this is one of the most complete of the kind in Iowa. During the whole of Mr. Myers' experience, he has kept up with and adopted every improvement in the manufacture of carriages, &c., and now stands at the head of his business. He has acquired an enviable reputation for his work, as he never works up stock except it be *first-class*. We hope Mr. Myers may continue to receive that patronage, which his good work and fair dealing justly entitles him to.

**John Bawden, Propr. Keokuk Marble Works.**

It is often supposed that good work in the marble and monument business cannot be obtained anywhere except in a few of our large cities; this is a mistake, as is evinced by the superior talent exhibited, and work produced by Mr. Bawden since his establishment in Keokuk. He has been established here since 1858, and if experience gives one advantage over another in any business, then surely it will be seen that he has an advantage in this. But, besides this, he possesses rare artistic talent, and this together with his long experience has given him great popularity in this section. Orders are received at these popular works, from a great distance, as his fame has gone abroad as being one of the best sculptors of the day. He has just finished one of the finest monuments ever produced in this section, for Dayton, Ohio. Persons wanting anything in this line will do a good thing for themselves by calling upon this gentlemen before placing their orders, as he employs quite a number of the best workmen to be obtained, and has other facilities as well, which enables him to turn out the best of work at prices that defy competition.

**Reimbold & Eisenhuth, Cigars and Tobacco.**

One of the finest cigar and tobacco establishments we have had the pleasure of seeing for some time, is that of Messrs. Reimbold & Eisenhuth, at 176 Main street. They commenced business together some two years ago, with an apparent little show of success, but each understanding the business thoroughly, and going at it with willing hands and perserving energy, have succeeded in building up a trade remunerative to themselves and satisfactory to the public. Their store is one of taste, and is well supplied with everything in the smokers' line. The manufacturing department is worthy of especial notice, as here are em-

ployed quite a number of hands, besides the proprietors themselves, and cigars are turned out which it is said cannot be beaten. The following brands are among their best, viz: "Royal Gem," "I. X. L.," and "Golden Crown." These cigars are of high flavor and easy to smoke, and we can truly say, as well as being borne out by an appreciative smoking public, that they are among the best manufactured. If you smoke reader, get some of these cigars, and you will certainly be satisfied

### **Madden & Doran, Dry Goods.**

Two of the most promising young business men in Keokuk, are the above named gentlemen. Each have resided in the city many years, the former 13, and the later 15, and are well and favorably known as honorable and well deserving. Both have had considerable business experience, and about one year ago opened in partnership, one of the nicest, neatest and best arranged dry goods houses in the city, at 141 Main st. Since their commencement they have been liberally patronized, as the public have found out that they keep a well selected stock and sell the same at the lowest possible figures, leaving themselves a small profit, and are waited upon in a polite and accommodating manner. They possess an abundance of energy, are wide awake, and just the men that give to our western cities their tone and character. Drop into Madden & Doran's, 141 Main street, and we guarantee satisfaction.

### **J. A. Wallace, Auctioneer and Real Estate Agent.**

The leading auctioneer in the city of Keokuk, is Mr. J. A. Wallace. He has had considerable experience in the business and is well adapted to it, in voice, ability, judgment and reliability. He came to the city in 1864, since which time he has accomplished much in elevating the above business in Keokuk, and is now looked upon and called the live auctioneer of the city. Consignments of all kinds of goods are solicited, on which liberal cash advances will be made and the highest price secured, that ability, energy and demand will procure. Mr. Wallace does not confine himself to the auction business, but has a large and well established real estate agency. He has on his books thousands of acres of land, which are for sale on the most reasonable terms, consisting of city lots, farm and other lands located in Iowa, Missouri, Illinois, Nebraska, and other States. This agency is fast gaining favor and increased confidence with the public, and is besoming one of the best and largest real estate "Exchanges" in the West. Regular sales of all kinds of merchandise are held every Wednesday and Saturday, when bargains are usually obtained by the public. Country sales are also promptly attended to by him. For any kind of auction or real estate business, we refer the public to J. A. Wallace, while he for reliability refers to business men generally.

### **A. Rinker, Foreign Exchange and Steamship Agent.**

The attention of the public is called to the advertisement of the above named gentlemen, especially that portion of the public who contemplate

a visit to any part of Europe, or who intend sending for friends from the old world, or even sending money to the same. Mr. R. is agent for some of the oldest and most responsible steamship lines plying between this country and Europe, and we may add that tickets are issued by him for any of these lines, to or from any part of Europe at lowest rates. He buys and sells gold and silver, and does a general exchange and foreign passage business, besides representing some of the best insurance companies in this country, including the Aurora fire insurance company, of Aurora, Ills., which was established in 1865, and has during that time been one of our most successful companies, and is in a sound condition. Mr. Rinker has lived and done business in our midst for 17 years, and speaks the German language as well as the English fluently, a fact which should be borne in mind by those of the former nationality in this vicinity. He refers to the business men and bankers of this city which is ample guaranty of his responsibility.

### **Magoun & Andrews, Lumber Merchants.**

Eight years ago this firm was established, since which time they have taken a prominent part in the lumber business of the city. The firm is composed of two of our oldest residents, both of whom are regarded in this community as gentlemen of integrity and with whom it is a pleasure to deal. Their yard is centrally located corner Exchange and 4th streets, convenient to all the depots, steamboat landing, places of business and residences, consequently is a desirable place to trade at; but this is not all, their stock is complete and offered at prices which must give satisfaction to all fair minded people. Call upon Magoun & Andrews for a bill of lumber, and satisfaction will be secured.

### **Wickersham & Delaplain, Agricultural Imps., Seeds, &c.**

This firm has been established about three years, and has probably been one of the most successful, if not the most successful in the city during that time, owing of course to advantages offered and energy and business tact displayed by the proprietors. Both gentlemen are numbered among our oldest and most trustworthy business men, the former Mr. Wickersham, having located here in 1851, since which time he has had some 13 years foundry experience, and 6 years in his present business. Mr. Delaplain certainly is a plain straightforward business man, and has proven himself such to the public in this vicinity since he came here in 1849. Mr. D. is a practical printer, and in the latter year worked on the second number of the "Gate City," (then the "Keokuk Register and Valley Whig,") and after continuing at his business till 1863, entered into partnership with Hon. J. B. Howell, one of the present proprietors of the "Gate City." In 1867 he withdrew from the firm and shortly afterward became connected with Mr. W., since which time the firm name has been Wickersham & Delaplain. Their store is 153 Main street, where they deal wholesale and retail in farm machinery, agricultural implements, all kinds of flower, garden and field seeds,

wooden and willow ware, which they obtain direct from the factory, clothes wringers, lanterns, churns, cutlery, brushes, house furnishing goods and other goods too innumerable to mention. Their store is 22 by 80 feet, 3 stories and basement, all of which rooms are loaded with stock, stock which is among the best in the market. In this store we believe is kept, as the proprietors say, the greatest variety of articles of any other store in this section. As gentlemen of honor, faithful in their business relations with all, and worthy of confidence, there are none we more gladly recommend than Wickersham & Delaplain.

### **Patterson & Timberman, Pork-Packers.**

The oldest pork-packers in this section are Col. Patterson and William Timberman, Esq., the two gentlemen who compose the above firm. They were established in Keokuk, in 1848, and have continued their business in a successful manner ever since. This is one of the most extensive packing firms in the Union, as they usually pack from 20 to 30 thousand per season and have capacity for packing 1000 per day. Their brands are known all over the United States, North, East, South and West, also in Europe, as being among the best, while they command the very highest price. We feel we have said all that is necessary in regard to this firm for their long and high standing, is so well known and appreciated, but, will conclude by saying that Col. Patterson has resided in the city since 1846 and in County since 1837, and has during that time been one of our most responsible business men and respected citizens, having held the office of Mayor two terms, while Mr. Timberman has resided and done business here since 1848, and has gained the confidence of the community, and is now filling to the satisfaction of all concerned the responsible office of mayor of the city. Their office is 71 Johnson street.

### **R. Vogel & Brother Wholesale Clothiers.**

This house was established in 1854, and is one of the very oldest in the city, and we believe we are right in saying the largest of its kind in the state. It was commenced by M. Vogel, and is now owned by R. & B. Vogel, his brothers, and has been since 1859. They are wholesale dealers in clothing, cloths, cassimeres, vestings, trunks and valises, also manufacture largely to order, employing one Mr. Gunniss as cutter, whom it is said has few equals and no superior. In the latter department they do an extensive business, but the ready made clothing department is their special trade, and it will be seen that their business is immense, from the fact that their sales amount to nearly two hundred thousand dollars per annum. One of the firm Mr. R. Vogel, devotes most of his time to purchasing in the eastern markets, and this together with their extensive business career and unexcelled facilities, enables them to offer inducements of a superior character. As gentlemen of business integrity and fair dealing we particularly recommend Vogel Brothers.

**William Woolley, Contractor and Builder.**

This gentleman is one of our oldest business men and one of our most reliable ones. He came to this city in 1857 and established his present business, and has during that time proven himself thoroughly educated in his business understanding every branch thereof. He has met with good success during his business career, people finding him a gentleman in whom the fullest confidence may be reposed, faithfully performing in a substantial manner every contract that he may take. To mention some of the buildings he has constructed will prove his ability, they are: the Westminster Presbyterian parsonage, Thomas Allyn and the late Thomas Ransom's residences, all on Blondeau street, also his own neat residence, an English gothic one, and his other double two story house, corner C and William streets, in Reid's addition. These are sufficient in themselves to prove him beyond doubt one of our best carpenters, contractors and builders. For faithfulness in filling a contract and good substantial work, go to William Woolley, corner Blondeau and Fifth streets.

**M. V. Graley, Grocer.**

M. V. Graley has been in our midst some 18 years, and is well and favorably known among us as an intelligent and obliging fellow. About one year ago he opened his grocery at 47 Palean street, cor 5th. and has since that time built up a good paying trade. He has endeavored since his commencement to buy only the best goods, and sell the same at such reasonable prices as would induce people to continue their patronage, and in this he has well succeeded, till now in his neighborhood people prefer to trade with him. Those who desire to trade with a fair dealing business man, should not fail to extend their patronage to the above named gentleman, when he guarantees to give satisfaction in price and quality of goods.

**S. T. Worley, Wagon Maker, &c.**

Mr. Worley has had 25 years experience at his business, five of which he has spent in Keokuk, in business for himself. He has made great progress in this city, and this through superior work and honest industry. He manufactures wagons and buggies, and does all kinds of blacksmithing, steamboat, bridge and saw mill work, constantly employing about twelve hands. In the manufacture of wagons, especially has he become famous, for September last year, 1870, he was awarded the first diploma for the best "Light Democratic Wagons." His works are large and supplied with every requisite for good and speedy work. The blacksmith shop is a brick building, 50 by 40 feet, and wood and paint shop, 25 by 80 feet. This institution is another which is a credit to our city, and one worthy the abundant patronage hitherto bestowed upon it. Its location is corner Main and 1st streets.

**Irwin, Phillips & Co., Wholesale Dry Goods and Notions.**

his business has been established about 15 years, and known untill

about two years ago, as Kramer, Phillips & Co. They have recently removed from their old quarters, 108 Main street, into their magnificent and extensive new quarters, 60 & 62 Main street. To give the reader a detailed description of their store and stock would occupy too much of our space, so we must content ourselves by saying only a few words. The building they occupy is 45 by 130 feet, three stories and basement. Each of the rooms are beautifully arranged and just adapted for their extensive business. The first room is devoted to dry goods, fancy goods, dress goods and the general transaction of business. The upper rooms are devoted to notions, &c., while the cellar which is a well finished one and extends under the whole building, is devoted to the storing of heavy goods in boxes and bales. This is one of our oldest, most extensive and reliable firms, and one of the largest jobbing dry goods houses west of Chicago, and certainly bears quite a metropolitan appearance. This establishment is the most complete we have seen in a city the size of this and even much larger cities, and reflects credit upon its proprietors and the city of Keokuk. As we have said above, the present firm has been in existence about two years, and is composed of Mr. S. Irwin, C. E. Phillips and Capt. I. A. Sawyer. Mr. I. has been conspicuously connected with the house ever since it was established. He is a man of large business experience and has proven himself to be the right man in the right place, in the position he is filling and has filled for so many years. Mr. P. is a man of great business ability, activity and untiring energy, and spends most of his time in New York purchasing for the house. He has had large experience in this particular branch of the business and is well acquainted with most of the Eastern markets. This is of great advantage to the house as well as to their customers. Capt. Sawyer has been connected with the house for several years, and is well and favorably known in this vicinity as one of our shrewd business men. Country dealers and others, may save themselves time and money by purchasing at this house, as the same advantages are given in prices, discounts, &c., as St. Louis and even Chicago houses.

### **J. M. Ives & Co., Grocers.**

One of the liveliest and most energetic of Keokuk's retail grocers is J. M. Ives. This firm was established about one year ago, at 119 Main street, since which time it has been well and liberally patronized, people finding that by ordering at this store, the "order" is faithfully and punctually filled, while goods are of the best quality to be obtained. Mr. Ives manages the store personally, and is a young gentleman with rare business qualifications, and one who gains the confidence of his patrons by his affable and obliging manners. Goods are delivered to any part of the city free of charge. So drop into his store, 119 Main street, reader, and leave your order.

### **Geo. Hill & Co., Painters, &c.**

In our editorial review should be mentioned the most prominent and best ornamental painting firm, therefore, we set ourselves to this duty

and mention the above firm as being the leading one in the city, and this we say advisedly, for it is the universal expression of all for whom they have done work, that "their work cannot be excelled." Now an establishment of this kind is very important to a city like Keokuk, where taste and refinement stand out so prominent, and we are glad to know, and be able to record the fact, that Geo. Hill & Co., are so much appreciated that they are invariably engaged to do the best work in the city. The firm was established about 4 years ago, and consists of Geo. Hill and H. H. Maquilken, two old and well known citizens of Keokuk. Recently they erected a very convenient business place, corner Blondeau and 4th street. It is a brick building, 20 by 60 feet, 2 stories high, all of which they occupy, where they keep on hand a full assortment of wall paper, paints, oils, glass, &c. As we have said they have done some of the finest "jobs" in the city, as an inspection of Odd Fellows' hall, Connable's new building on Main street and Rice's building corner Main and 4th streets, will prove. It gives us great pleasure to refer to the most skilled of any class of business men, and in referring to Geo. Hill & Co., we refer to two of the most skilled painters in this city or vicinity, and two of the most honorable business men.

### **Peck Brothers, Wholesale and Retail Hardware.**

We believe this is the oldest hardware business in Keokuk, having been established sometime about the year 1854, since which time C. K. Peck, Esq., has been connected with it. After undergoing several changes of firm name N. G. Peck, associated himself with his brother, which was about three years ago, the firm name becoming Peck Brothers. This is one of our solid and extensive hardware establishments, one which stands unrivaled in its advantages given and reliable dealing with the public. They are located southeast corner Main and 4th streets, and have a large and well stocked store, three stories high with a basement under the whole building, each story being packed with every variety of hardware, including carpenters' and mechanics' tools, agricultural implements, saws, &c. They are also agents for Fairbanks' unrivaled scales. The advantages offered by this house are the most liberal as is attested by their numerous patrons. The Peck Brothers are live and practical business men, ever aiming to give the best of goods at the lowest possible figures, and are gentlemen of integrity whose word may be fully relied on.

### **Kennedy & Co., Brewers of Cream and Stock Ale.**

An establishment that should manufacture first rate cream and stock ale, is an institution that has long been needed in Keokuk, and we are pleased to be able to say that the above firm consisting of John M. Kennedy and Adolph Vockerodt, have established such a place on the D. V. R. R., near the Round House, and are now ready to supply all comers, provided, however, they are not overtaxed with orders, as they have only the capacity of manufacturing 21 barrels per week. Both gentlemen have had considerable experience in the manufacture of this

article, and just know how to make such that must be appreciated by all who enjoy a good glass of ale. As this is the only place of the kind in the city, and its proprietors being reliable fellows, should command large patronage.

### **Kerr & Fuller, Wholesale Druggists.**

This business was established 15 years ago, and has been in the hands of the present firm, consisting of David A. Kerr and G. S. Fuller, many years, with Dr. E. E. Fuller, a practical physician of long standing in connection. The business of Kerr & Fuller is extensive, and the proprietors have gained a wide spread reputation, as practical druggists and as gentlemen who keep the best of goods, and sell the same at a small marginal profit. Their store is neat, clean and tastily arranged and presents an appearance which does credit to all concerned. These gentlemen take rank among our oldest and most respected citizens and business men, and have the confidence of all with whom they deal. Their store is 81 Main street. Drop in reader, and look at it and buy a bill of goods.

### **William Fulton, Insurance Agent.**

In reviewing the various business men of the city, we believe there is none more deserving of being spoken of than Mr. Fulton, and still none more unpretending. His advent to our city dates back 14 years, since which time he has earned and maintained an irreproachable reputation, both as a citizen and business man. For years he practiced his profession as an attorney and still holds his licence, but in 1864 he commenced his present business, it having been established two years previously, and has been conducted in a very successful and satisfactory manner ever since. It is one of the most extensive agencies in the West, representing 12 different companies, which take rank among the best and most responsible in the country, and we may add they are fortunate in securing the services of such a thoroughly educated underwriter. He has had large practical experience at the business, and knowing him as we do, we can without hesitation say, that he is competent to discharge the arduous duties of underwriting. Call at his office reader, over 82 Main street, and get insured at once.

### **Wilkinson, Bartlett & Co., Wholesale Druggists.**

There is no firm in Keokuk which is more worthy of being noticed than that of Wilkinson, Bartlett & Co. It is located at 94 Main street, and is in high standing in this section of the country, the business having been in successful operation since 1856, always taking a foremost rank. The present firm was established in 1864, since which time the three partners have taken an active part, Mr. Bartlett and Mr. Kiedaich being practical druggists of long experience. Their store is 20 by 100 feet, 3 stories and basement, and is filled with a selection of drugs and medicines, which are unsurpassed, as they inform us that they will deal in none but the best. This house is not only one of our most extensive

but one of our most reliable and responsible ones, each partner having resided and done business in our midst many years, and have been well tried and not found wanting.

### College of Physicians and Surgeons.

The medical college at Keokuk, known as the College of Physicians and Surgeons, ranks among the first medical institutions of our country. It was located in this city in 1850, and has been in successful operation ever since. Its graduates are among the most prominent physicians of the West, and the school has done much to elevate the standard of the medical profession, both at home and abroad. The faculty consists of nine of the most prominent medical men of the state. The building is a model of beauty, and is not excelled by any similar institution East or West. It occupies a central position in the city, presenting a front of 90 feet on Blondeau street by 65 feet on Seventh street, and is four stories high; has two fine lecture halls, each of which will accommodate 400 students. The amphitheatre is lighted from the dome, and the seats so arranged that every student may witness the most delicate operation in anatomy or surgery. The college museum is the finest in the state, and presents an attractive feature not only in connection with the medical school, but the city, and of which any citizen of Keokuk or the state should be proud. The annual sessions of the college open the first of November in each year, and continue in session four months, six lectures daily; the cost to the student being less than at any other regular medical institute of the country. J. C. Hughes, M. D., prof. of Surgery and Dean of the faculty, has been associated with the institution since its organization. He is one of the leading surgeons of the state, and his medical and surgical infirmary, and eye and ear institute connected with the college, adds largely to the clinical advantages of the institution. The infirmary is open for the reception of patients at all seasons, and is presided over by a competent steward and matron.

### Godman & Brother, Pork and Beef Packers.

Messrs. Godman & Brother, are among the oldest and most reliable pork and beef packers in the west. Mr. T. J. Godman, senior member of the firm has been engaged in the business for thirty-five years, and from his large experience and close attention to all the details of that business, is thoroughly posted in every branch connected therewith. Their pork and beef packing establishment is one of the best arranged, most complete and convenient in the United States. It was built at a cost of from eighty to one hundred thousand dollars, and is finished with all modern improvements. The brand "Godman & Brother," stands unrivalled, and their "premium sugar cured hams" have a national reputation. This firm is one which we desire particularly to recommend, as its proprietors are among the most reliable and genial of our business men.

**J. W. Scroggs, Lumber Merchant.**

The oldest lumber representative in Keokuk, is J. W. Scroggs, Esq., for he has been in the business in the city the past twenty-five years, and is one of the oldest and most experienced lumber men in the west. His office and yard in this city are located cor 5th and Concert streets, and we have no hesitation in saying that his yard is one of the neatest and best arranged in the Union—a place for everything and everything in its place. He carries about one million feet of lumber here besides lath, shingles, and sash, doors and blinds of the best manufacture. Also has a yard at Bonaparte, Van Buren county, where he keeps a large stock, besides other lumber on the river in this city. It is understood that he sells a great quantity of lumber, which is no doubt, owing to his prices being but a small advance over actual cost. Mr. Scroggs is one of our most enterprising business men, solid, responsible and reliable, a gentleman in whom the fullest confidence may be reposed. Such men as these are the ones which add permanency to our western cities and give them tone and character.

**Sample, Armitage & Co., Proprietors of Buckeye Foundry and Machine Shop.**

And now in turning from gold and silver, we turn to another metal, viz: Iron. The Buckeye Foundry and Machine Shop is the oldest establishment of its kind in the city and one of the very oldest in the West. It was established in 1849, by S. Armitage and S. S. Vail, two gentlemen who understand every branch of the business, and to this fact a great deal of its success is to be attributed, but this is not all, for while competence has always characterized its management, business transactions have been marked with integrity, while work turned out has been of a high order. Mr. Armitage has continued in the firm since 1849, and now takes charge of the machine and blacksmith shop; while Mr. Vail, although not now one of the firm, has charge of the foundry. The business has steadily increased until a short time ago they were compelled to tear down their old buildings, and erect larger and more substantial works. They have two large and magnificent brick buildings, corner Johnson and 9th streets, one 91 by 26 feet, used as machine and finishing shops, the other 103 by 50 feet, part of which is two stories high, used as foundry, blacksmith and moulding shops, offices, store room, &c. All their machinery is of the latest and most improved make, while they possess every facility and ability of turning out steam engines, and all other work in their line of a character, which it is said by their patrons, is unsurpassed. They employ from 20 to 30 hands, most of whom are experienced and skilled workmen. The amount of business done is from 60 to 70 thousand per annum, strictly on cash principle. Being a home institution, one which can successfully compete, either in manufacturing new machinery or repairing, it should commend itself still further to the liberal patronage of the public in this locality. S. S. Sample, S. Armitage and D. W. McElroy

constitute the firm. and we are glad to be able to say, possess an amount of business experience and ability, sufficient to successfully prosecute this or any other business they might engage in.

### **H. Barter, Merchant Tailor.**

When we call this gentleman merchant tailor, we mean all we say, for he is considered to be, not only by us, but by the general public, one of the best and most fashionable ones in Keokuk. He has had many years experience at the business, four in this city, a portion of which time he acted in the capacity of cutter, and has become widely known and patronized by the elite of the city. When he commenced business here, as most new beginners have, he had great opposition, but by good work, fair prices, honorable fair dealing and affable, gentlemanly manners, he has succeeded in building up a large, first-class trade. He keeps on hand a full line of the finest broadcloths, cassimeres, vestings, and gent's furnishing goods, and prices charged for all goods are reasonable, considering their quality. He is also agent for the celebrated Weed sewing machine, of which he has sold a great number, to all of which purchasers the utmost satisfaction has been given. His store is 65 Main street, where those wishing the most stylish clothes made in a substantial manner, at fair prices, should call.

### **A. Miller, Boiler Maker.**

Twenty-two years at boiler making has made Mr. Miller efficient at the business, and the last six years of that time in business in this city, has made him famous as a practical man, out of whose shops are turned some of the best work ever produced in the west. He manufactures all kinds of boilers, lard coolers, window shutters, and does all kinds of sheet iron work, employing from 10 to 20 experienced workman. All work has Mr. Miller's personal supervision in its manufacture, also his inspection when finished before leaving the works, so that nothing is allowed to go from this shop unless of the most perfect nature. The facilities he has are of the best order, and are ample to turn out the best of work in a short space of time. Persons having any work in Miller's line cannot do better than apply to him at once, who will promptly and faithfully perform said work, at prices too, which are not exorbitant. His works are on the levee near Blondeau street.

### **F. Sievers, Fancy Goods, 144 Main street.**

Attention is called to the advertisement of the above named gentleman, who opened his magnificent store at the above address some two years ago, with one of the most varied assortments of fancy goods, consisting of notions, toys, cutlery, walking canes, bird cages, baskets, baby carriages, silver and plated ware, musical boxes, and innumerable other things ever seen in this city. Mr. S. was in this business for many years in New York, before coming here, previous to which he was with one of the largest fancy goods houses in the latter city—hence it will

be seen he knows just how and where to buy at bottom figures, and thus is enabled to give his patrons the benefit of his experience and facilities. He deals wholesale and retail, and offers advantages which should not be overlooked by smaller dealers, as he challenges competition in his line. His store is one of the neatest and best arranged in the city, one which does credit to himself and one well worthy the inspection of the public if for nothing more. It is located under the Opera house, is 22 by 80 feet, two stories and basement. Patronize Sievers, for he is a genial and whole-souled fellow, and one who is determined to please in price and quality of goods.

### **Reid & Anderson, Sewing Machines.**

This firm was recently established at 7 Second street, and we believe has met with liberal encouragement. They do not confine themselves to one kind of machine, but have various kinds, so that persons can have their choice out of quite a number, all of which, Mr. Reid, who has had a number of years practical experience among sewing machines, and of whom it is said, he "knows his business," says are among the best in the market, for all kinds of heavy or light work for the household or manufactory. Among their number are: "Finkle & Lyon," "Blees," "Howe," and "American button hole overseaming machine." All kinds of repairing done on short notice. We hope Messrs. Reid & Anderson may meet with continued success, for they are gentlemen worthy of liberal encouragement. Remember the store is No. 7 Second street.

### **Keokuk Savings Bank, corner Main and Fifth streets.**

The business expansion of Keokuk the last few years has been great, hence many of her most prominent and trustworthy business men and retired merchants have banded together and opened the above bank to meet her growing demands, also to enable the farmer, the mechanic, the clerk, the laborer, and others of small means to deposit their savings, on which they are allowed a liberal interest, thereby teaching them habits of economy and rendering them able in a few years to commence business for themselves, or otherwise employ their money as they may deem most advantageous. This bank was organized under the general incorporation law of Iowa, in February, 1868, and has a paid up capital of \$100,000. Since its organization it has done a large business and exerted a beneficial influence over the community for economy. C. F. Davis, a 20 years' resident of Keokuk, is president, and Judge Johnstone, one of the few very oldest residents and business men of the city, having been in the city over 30 years and is a gentleman universally esteemed for his urbanity, and good and generous disposition to all, is cashier. Of the reliability of the institution we need not speak, for a glance at the names of the responsible directors will at once inspire the fullest confidence. They are: Edward Johnstone, Esq., C. F. Davis, C. P. Birge, Stephen Irwin, and A. L. Connable, all of whom are esteemed in this community for integrity and business capacity.

### **Karle & Schulz, Furniture.**

This business is 12 years old, and is the oldest of its kind in the city of any importance. During these 12 years, the above named gentlemen have been connected with the business, and have been the ones who have built up the trade, although there has been various partners with them, and several changes in firm name during that time. They occupy two stores (except one room,) which are three stories high, all of which are devoted to their business, besides a manufactory in the rear of the store. Their show rooms are filled with superb furniture of all kinds, all of which they sell at close figures either wholesale or retail. Their business extends over the three states of Iowa, Missouri and Illinois, as people find that Karle & Schulz offer rare advantages in their line, having every facility for that purpose. They are sole agents in Keokuk for the celebrated "United States Spring Bed," said to surpass any in the market for cheapness, elasticity and durability. These gentlemen are among our oldest, most enterprising and responsible business men, and merit the extensive patronage hitherto bestowed upon them

### **H. H. Lombard & Co., Lumber Merchants.**

The lumber business of Keokuk has become quite important in the eyes of the neighboring cities, for, from this market are shipped many millions of feet annually. It is not long since this impetus was given to this kind of business, and we are bound in justice to say, that a great share of it is to be attributed to H. H. Lombard and R. C. Lyons, proprietors of the above firm, for they being old and experienced lumber men, saw that Keokuk was a good point, and commenced business here a little over one year ago, and sold the first year 6,000,000 feet of lumber. They keep a good stock on hand from which purchasers can select, and sell the same at lowest figures, as they believe in "quick sales and small profits." They buy and sell lumber on commission, and solicit consignments, on which liberal cash advances are made. They are prompt in filling orders, and load cars free of charge. These gentlemen are affable, trustworthy and capable, and merit increased patronage which we have no doubt they will receive.

### **F. R. Gunn, Livery Stable.**

We take especial pleasure in mentioning in our editorial review the above named gentleman, who is one of the most enterprising, courteous and obliging we have met in a long time. He has been in the livery business in this city about 13 years, and the extensive patronage he has received during that time, has been ample guaranty, that his manner of doing business has been thoroughly and highly appreciated by the public of this city and vicinity. He has a fine and well arranged stable, northside Johnson between 1st and 2nd streets, 50 by 140 feet, where are kept some 15 horses and nearly the same number of vehicles of various descriptions to suit all tastes, which are let at prices to suit the times. Mr. Gunn is considered the livery man of the city, and the

amount of business he has done in this city, has far exceeded his expectation, which we are glad to hear, for we consider it a just tribute to his merit. When wanting a good rig, remember that the gentlemanly and accommodating Gunn, can and will please you.

### **Rothert Brothers, Hardware and Wagon Material.**

This is one of the oldest and most extensive firms in Keokuk. It was established in 1856, and is located at 210 Main street. Besides this, they have another immense establishment at Cincinnati, which was established in 1840. Their store is three stories and basement, in which is kept a stock of goods, both for quality and quantity, equal to most St. Louis or Chicago houses. They deal in general hardware, cabinet and undertaker's hardware, wagon and carriage material and other minor articles which would fill a book to enumerate. Rothert Brothers do an immense business, and have gained a reputation east and west for honorable and liberal dealing, unsurpassed by any other firm. They make a point in buying direct from first hands, thereby saving profits of middle men, and by that means are enabled to give the benefit to their customers in lower prices. This is the only firm making a specialty in cabinet and undertaker's hardware, above St. Louis, on the Mississippi river, and this branch of their business is rapidly increasing, as buyers find they can do better at this house than going to Chicago. Those of our readers who may have not bought a bill of goods of this firm should do so at once, and test the truth for themselves of what we have said, and we guarantee that they will find prices the lowest of low, and goods the best in the market. A. & H. Rothert manage the Cincinnati store, and Henry W. Rothert the Keokuk one, than whom a more honorable, enterprising, affable and much esteemed citizen and business man cannot be found. It is a pleasure to know and to do business with him.

### **E. K. Buell & Co., Gas and Steam Fitters.**

This business is many years old and is the leading one of the kind in the city. It is principally conducted by the senior member of the firm, E. K. Buell, a gentleman of sterling merit, large business experience and one who understands the details of the business. This establishment is first-class and one which offers advantages equal to any house in the West. All goods are bought direct from manufacturers and first houses, and this together with their financial ability enables them to offer advantages which should not, nor are not, lost sight of by the public, as is seen in the extensive patronage the house enjoys. The store is a magnificent one, well stocked with the latest patterns and designs of chandeliers, pendants, gas burners, &c., a competent force of excellent workmen are also kept for gas and steam fitting, and plumbing in all its branches. The store was built about 12 years ago, by Edward Kilbourne, Esq., and is one among the many he has erected during his long residence and enterprising business career in our midst, which is a credit to himself and the city. It is 22 by 50 feet, 2 stories and basement, with brown sand stone caps and facings. The basement is high

and used as workshop, the second story as show room and office, and the third story is filled with goods. This is one of the most substantial firms in the city, and one which enjoys peculiar facilities and advantages—consequently is very liberally patronized and does a great amount of the business of the city. The store is located on 5th near Main.

### **Adam Hagny, Saddles and Harness.**

This gentleman has been established in Keokuk since 1858, is one of the oldest in his line of trade in the city, and has been one of the most successful. At first his business was small, but by energy, perseverance, good work, fair prices and honorable dealing, he has increased his trade so much that he is unable to keep up with his orders. This we are glad to hear, for while he manufactures all kinds of saddles, harness and deals in whips, collars, &c., he makes a specialty in fine harness, samples of which we examined, and for neatness, lightness, strength and we presume durability, it would be difficult to excel. Mr. Hagny's name is synonymous with first class saddles and harness, which fact we gladly record, and inform the public that his store is 73 Main street.

### **A. Weber & Co., Wholesale and Retail Hardware.**

This business was commenced about two years ago, Mr. A. Weber being its chief manager, and we learn that its success has been very satisfactory, having done a fair share of the hardware trade of the city, and has had considerable experience in this line of trade, thereby fully qualifying himself for his present position. His store is 86 Main street, is 25 by 100 feet, in which is kept a well selected stock of hardware, agricultural implements, mechanics tools, &c., all of which we are assured by the proprietors, are and shall continue to be sold at the lowest possible figures. This is one of our most extensive and responsible firms, and is held in regard in this community for integrity in business transactions and the reasonable prices at which goods are sold.

### **A. H. Bronson, Physician and Druggist.**

Twelve years residence and business and professional career in Keokuk, has familiarized nearly everybody with the name of A. H. Bronson. For the past ten years he has kept a drug store, during which time he has earned a fame in this city and vicinity of which he may justly feel proud. He is a graduated physician, but confines himself strictly to an office practice. He prepares many of his medicines, such as cough mixture, bronchial troches and family medicines generally, and last though not least, is proprietor and manufacturer of the celebrated O. K. Liniment, which has gained such favor with the public, for sprains, rheumatism and many other external and internal complaints. As a physician and druggist we feel confidence in recommending A. H. Bronson, whose store is at 204 Main street.

### **James Hixson, Architect and Builder.**

Mr. Hixson takes rank among our very oldest residents and business men. He came to the city in 1852, when the city could only boast of a

small population, and now continues to do business among us, witnessing the then infant city numbering some 14 thousand souls. He has had large practical experience at the business, as he himself says nearly 40 years, and studied under one of the best Italian architects who ever came to this country. His trade now extends to Missouri and Illinois, as well as over a great portion of this state, where we hear the best of satisfaction has been given in the way of good work and the fulfilling of contracts. At the last Iowa state fair he was awarded the highest diploma for plans of the best school houses and farm cottages. As a proof of his architectural skill we would refer the public to the following fine buildings erected by him: The Medical College, corner Blondeau and 7th streets; G. L. Huiskamp's residence, on 5th street; J. McNamara's residence, on Bank street; T. N. Pond, Esq.'s store, on Main street, and has just completed one of the finest school houses in this state, at Keosauqua, Van Buren County. Mr. Hixson is a genial and laborious gentleman, and one deserving of abundant success.

### **A. Marks, Insurance Agent.**

With six years residence in Keokuk, four of which he has been in the insurance business, the above named gentleman has established one of the largest agencies in the West. He devotes his whole time and attention to the business, and by that means is enabled the better to give every possible advantage to insurers. He is energetic and gentlemanly, and through his accommodating way of doing business, has secured a great number of policies during his experience. Some ten or twelve companies are represented by him, fire, life and accident, which take rank among the most responsible; such as the Western, of Buffalo, organized 1862, with assets of \$650,000; Home, of Columbus, organized 1858, with assets of \$500,000; American, of Chicago, organized 1853, which issues policies on a very liberal instalment plan, and has a paid up capital of \$105,000. Besides others equally good, including the Knickerbocker Life Insurance Co., of New York, which we shall speak of below. Persons desiring insurance will find Mr. Marks just the man to apply to, for by applying to him, the best possible inducements will be obtained. His office is northeast corner Main and 2nd streets.

### **Knickerbocker Life Insurance Co., of New York.**

We desire particularly to call the attention of the life insuring public to the above old and responsible life insurance company. It was organized in 1853, and is one of the oldest and most reliable companies in the United States, issuing policies on liberal terms and has assets of \$9,000,000. All policies issued by this company are non-forfeitable, while dividends are made on the contribution plan and paid annually after the first year, hence it will be seen each policy-holder actually becomes a stockholder and shares the profits of the company accordingly. Mr. Marks, the above named gentleman, is the responsible broker for this company, to whom all persons desirous of becoming insured should apply, when he will fully set forth the advantages of this company. He is empowered to transact all business at his office, in Keokuk, thus

obviating the necessity of delay in writing to the parent office in New York.

### **J. M. Bradstreet & Sons, Mercantile Agency.**

The attention of the business public of Keokuk is called to the advertisement of J. M. Bradstreet & Sons, old and reliable commercial agency, which has been established over 20 years and is acknowledged by its patrons to be the most reliable agency of the kind in the country. They issue a volume of their work twice a year, January and July, which they deliver to subscribers at a low subscription, considering the vast amount of indispensable information to business men they contain. The volume issued by "BRADSTREET," contains the name and standing "COMMERCIALY" of every business man in the United States and Canadas.

### **The Anchor Line of Steamships between New York and Europe. James Warrack, Genl. Manager N. W. States.**

We have much pleasure in referring our readers to the advertisement of the above reliable line, which the writer has patronized many times, and can safely advise all those wishing to make a journey to any part of Europe, on business or pleasure, to patronize the celebrated Anchor Line. All the vessels are new, powerful, Clyde built steamers, and are each commanded by experienced men, while the accommodations of the Line are of a superior order, and the fares are low. Mr. James Warrack is the general manager of the business of the Line for the north-western states, he may be found corner Madison and La Salle streets, Chicago, or may be addressed there by letter. Read the advertisement in this work.

### **Carpenter, Johnson & Coles, Garden Seeds, &c.**

Messrs. Carpenter, Johnson & Coles, are located at No. 186 Randolph street, Chicago, and deal largely in garden seeds, all kinds of horticultural implements, flower and hanging baskets, Dutch flowering bulbs, &c. This firm is well known to the editor of this work as one of the most reliable ones of the west. Their business is large and facilities for supplying anything in their line unsurpassed. Nurserymen and dealers should apply to C. J. & C. for a catalogue, which they issue several times during the year, and send them free upon application.

### **W. W. Kimball's Piano Depot, Chicago,**

We refer with pleasure to the advertisement of Mr. W. W. Kimball, who is located at No. 63 Washington Street, Chicago, (Opera House building.) The advertisement may be found on page 244 of this work. By reading it it will be seen Mr. Kimball offers a great variety of first-class Pianos, Organs, Melodeons, &c., to the public, which he assures us he sells at lower rates than many other dealers charge, while he guarantees the instruments he sells for FIVE YEARS. Mr. K. keeps the Hallet, Davis & Co. new scale of Grand, Parlor, Grand and Square Pianos, also the new *Orchestral Grand* Piano, is the sole agent for F. C. Light & Co's and Great Union Co's Piano Fortes, and for Smith's American Organs. Pianos to rent. Old Pianos taken in exchange for new. Address all letters W. W. Kimball, Chicago, Ill.

### **TO AND FROM**

NEW YORK AND LIVERPOOL, GLASGOW, LONDON-  
DERRY, AND ALL RAILWAY STATIONS IN  
GREAT BRITAIN & IRELAND, ALSO  
HAMBURG, PARIS, GENOA,  
NAPLES, VENICE,  
AND PRINCIPAL PORTS IN THE MEDETERRANEAN.

---

The above line is composed of first-class, fast sailing, Clyde built Steamers, commanded by careful and experienced officers. The accommodation provided on board for the comfort and convenience of passengers cannot be surpassed, particularly as regards the sleeping apartments which are all on the main Deck, an arrangement, much appreciated by passengers.

The rates of fare are as low as any line running.

The managers spare no trouble or expense in providing for the we fare and safety of their passengers. Every information will be promptly given on application to the Western agent, either by letter or otherwise. Plans of the cabins of all the Steamers can be seen at the office, and berths and state rooms secured for any Steamer.
